2.1. Procedure

Title: A new website for the Norwegian Competition Authority.

Description: The aim of the procurement is to enter into a contract for the design, development, establishment and operation of a new website for the Competition Authority (konkurransetilsynet.no) that, in a target orientated and efficient manner, supports the Authority's social mission. The new system shall contribute to good accessibility of information, services and decisions to different target groups, and facilitate a high degree of user friendliness, retrieval and effective task solving for the users. The delivery includes a comprehensive system that includes the design and development of the website, the establishment of suitable CMS, the preparation of appropriate information architecture and structured content, migration of the existing content, as well as testing and launching. In addition the tenderer shall provide operation, support and management of the system in the contract period, including further development based on changed needs and priorities. The system shall meet the current requirements for universal design, security and privacy, and be based on flexible and future oriented technology that supports further development, integrations and efficient management over time. The assignment involves close cooperation with the contracting authority throughout the entire project, including in planning, design assessments, testing and certification of central deliveries.
