**Section II: Object**

**II.1. Scope of the procurement**

**II.1.1. Title**

Procurement of Operation and Maintenance for Substation Råbäcken and Overhead Lines (150 kV)

Reference number: UH-2020-11

**II.1.2. Main CPV code**

31000000 Electrical machinery, apparatus, equipment and consumables; lighting

**II.1.3. Type of contract**

Supplies

**II.1.4. Short description**

Through this invitation to apply for qualification, MBN cordially invites interested parties to apply for qualification to tender for a contract for operation and maintenance (O&M) for 400/150 /33kV substation Råbäcken and 150kV overhead lines (OHL).

The scope of works for the selected supplier includes planned and unplanned maintenance, round-the-clock monitoring and planning of maintenance in cooperation with MBN as well as reporting and documentation of performed services. The supplier's project manager can expect to availability on site 1-2 times per month.

In addition to this, the supplier must also provide a qualified installation manager, security manager and IT manager. The duration of the contract is tree (3) years beginning first of January 2021, with a possibility for extension with one (1) year.

#### **II.1.5. Estimated total value**

Value excluding VAT: 1 500 000,00 EUR

#### **II.1.6. Information about lots**

This contract is divided into lots: no

### **II.2. Description**

#### **II.2.2. Additional CPV code(s)**

31100000 Electric motors, generators and transformers, 31200000 Electricity distribution and control apparatus

#### **II.2.3. Place of performance**

NUTS code: SE332 Norrbottens län

Main site or place of performance: Markbygden area is located between the towns Arvidsjaur and Piteå.

#### **II.2.4. Description of the procurement**

Through this invitation to apply for qualification, MBN cordially invites interested parties to apply for qualification to tender for a contract for operation and maintenance (O&M) for 400/150 /33kV substation Råbäcken and 150 kV overhead lines (OHL).

The substation Råbäcken is jointly owned by MBN and Svenska Kraftnät (SvK). The assignment does not include SvK parts of the station. Within the scope of the assignment, the supplier shall manage the operation and maintenance of the transformer station Råbäcken. The station has 3 transformers (400 625 800 MVA) and two overhead lines each 30 km long (150 kV). Outdoors there is a 400/150 kV switchgear which is to some extent shared with SvK. Markbygden Net owns and is responsible for 6 pieces of 400 kV circuit breakers with current and voltage measurement and 24 pieces of 150 kV circuit breakers with current and voltage measurement, as well as a capacitor battery. Inside the building, there is a 33 kV switchgear from ABB with 14 switches that have their own relay protection, and their own measurement for charging customers. Relay protection units (IED) are generally products from ABB and Siemens. There is also a DC system (110VDC) with two battery banks. Communication takes place via fibre for longer distances along the power line to the wind farms, or with copper cable internally in the station building. The scope of works for the selected supplier includes planned and unplanned maintenance, round-the-clock monitoring and planning of maintenance in co-operation with MBN as well as reporting and documentation of performed services. The supplier's project manager can expect to availability on site 1-2 times per month.

In addition to this, the supplier must also provide a qualified installation manager (Sw. elanläggningsansvarig), security manager and IT manager. The duration of the contract is tree (3) years beginning first of January 2021, with a possibility for extension with one (1) year.

#### **II.2.5. Award criteria**

Criteria below  
Price

#### **II.2.6. Estimated value**

Value excluding VAT: 1 500 000,00 EUR

#### **II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Start: 01/01/2021 End: 01/01/2024

This contract is subject to renewal: yes

Description of renewals:

1 year extension of duration of contract possible.

#### **II.2.10. Information about variants**

Variants will be accepted: no

#### **II.2.11. Information about options**

Options: yes

Description of options:

1 year extension of contract.

#### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

#### **II.2.14. Additional information**
