This contract is divided into lots: no

II.1.7. Total value of the procurement

Value excluding VAT: 328 050,00 EUR

II.2. Description

II.2.2. Additional CPV code(s)

90710000 Environmental management, 90711000 Environmental impact assessment other than for construction, 90711300 Environmental indicators analysis other than for construction, 90712000 Environmental planning, 90712400 Natural resources management or conservation strategy planning services, 90713000 Environmental issues consultancy services, 90714000 Environmental auditing, 90714300 Sectoral environmental auditing services, 90714400 Activity specific environmental auditing services, 90720000 Environmental protection, 90730000 Pollution tracking and monitoring and rehabilitation, 90732000 Services related to soil pollution

II.2.3. Place of performance

NUTS code: IE Éire / Ireland

II.2.4. Description of the procurement

The National Parks and Wildlife Service (NPWS), of the Department of Housing, Local Government and Heritage provides the legislative and policy framework for the conservation of nature and biodiversity in Ireland. It also oversees its implementation, based on good science, with particular emphasis on the protection of habitats and species.

In terms of environment and biological diversity, Ireland's raised bogs are of importance not only nationally, but they are of European and indeed global significance. The current designated raised bog network consists of 53 raised bog SACs and 75 raised bog NHAs totalling an area of 17,995 ha. The legal basis on which SACs are selected and designated is the Habitats Directive while the Natural Heritage Areas are designated using national legislation (the Wildlife Acts).

In order to assess the conservation status of Annex I raised bog habitats, in fulfilment of commitments to Article 17 of the Habitats Directive the NPWS has commissioned three previous bog monitoring surveys (Fernandez et al., 2005, Fernandez et al., 2012, Fernandez et al., 2014); the resulting reports and individual sites reports are available in the publications section of the NPWS website. These reports provide full details on survey methodologies and reporting formats that should be used as the basis for any submissions to this Request for Tenders.

NPWS is hereby seeking tenders to assess the conservation status of the Annex I habitats and establish a National Ecosystems Monitoring Network (NEMN) to fulfil the ecosystem monitoring reporting obligations under the National Emissions Ceilings Directive (NECD) within a selection of raised bog sites.

See RfT Document for full specification

II.2.5. Award criteria

Price

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no
