### **II.1.3. Information about framework agreement**

### **II.1.4. Information about framework agreement**

### **II.1.5. Short description of the contract or purchase(s)**

The contracting authority needs to enter into a contract for the execution of plumbing work at Avinor Flysikring Røyken.

The tenderer who is awarded the contract will assist with the delivery and installation of plumbing installations for renovation and alteration work at the control centre's rock installation in Røyken.

The control centre in Røyken was built and completed in 1991. An upgrade programme has now started with upgrades to the plumbing installations over time.

The procurement is security graded, cf. FOSA §§1-3 (1) b, as tenderers will have access to security graded information, as well as to objects worthy of being shielded. Personnel who will carry out the work must be security cleared at the stated security level.
