Health

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: yes

Official name: Helse Bergen HF [Bergen Hospital Trust]

National registration number: 983 974 724

Postal address: Haukelandsveien 22

Town: Bergen

Postal code: 5021

Country: Norway

Section II: Object of the contract

II.1. Description

II.1.1.

Title attributed to the contract by the contracting authority

Surgical tables (HIK ID 88) for delivery to Helse Bergen HF; Haukeland University Hospital, Voss Hospital and Kysthospitalet in Hagevik.

II.1.2. Type of contract and place of performance or delivery

Supplies

Purchase

Main site or place of performance: Bergen, Norway.

NUTS code NO051 Hordaland

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with a single operator

Duration of the framework agreement

Duration in years: 4

Estimated total value of purchases for the entire duration of the framework agreement

Estimated value excluding VAT: 30 000 000 NOK

II.1.5. Short description of the contract or purchase(s)

Helse Bergen HF intends to replace surgical tables in Helse Bergen; Haukeland University Hospital (the Central Operation Department (SOP) and the Women's Clinic), Voss Hospital and Kysthospitalet in Hagevik, KiH. Helse Bergen currently has 26 theatres with a fixed base and 5 theatres with a mobile base. This could be changed. The contracting authority envisages a need for approx. 2 tables with a trolley per theatre, like SOP is currently organised. The replacement is planned over 4 years. This is estimated to be a total of 62 tables. In addition KiH will need a special surgical table for back surgery.

Helse Bergen HF will see it as a big advantage if the table system is universal and have many applications, with optimum use within each of the different areas, a good selection in clay pillows and additional equipment, tolerate high patient weight in different positions, secure from operational interruptions and collisions, quick and safe operation with good regulation options and easy to work around the table.

The contracting authority would like tenders for three different system tables

1. Tables for a fixed base (approx. 50-52 tables)
2. Tables for mobile/movable base (approx. 10-12 tables)
3. Special surgical tables for back surgery (1-2 tables)

The contracting authority currently has baseplates from Maquet 1150 cast into the floor. Fixed bases ought to be compatible with this base. This applies to the current 26 base stations. See Annex 10.

If the existing baseplate cannot be used, the additional cost for a new baseplate is to be added to the calculation of the total cost. The estimated cost of replacing a baseplate is 40 000 NOK excluding VAT per unit. The cost is to be added to the total cost for any replacement in Part 2 Annex 1 Price Form.

Intended use.

The contracting authority would like tenders for complete, functional set-ups within the following main categories:

- Neuro surgery
- Plastic surgery
- ENT surgery
- Urological surgery

- Gastro/vessel/endocrine/general surgery
- Orthopaedic surgery
- Bariatric surgery
- Gynaecological surgery
- Special table for back surgery

See Part 2 Annexes 2A, 2B and 2C — Requirement Specifications for more detailed information.

The detailed planning of systems and the extent will be reviewed with the chosen tenderer. The offered surgical tables shall be delivered as requested, with all the necessary accessories, delivered complete, assembled and ready for use.

Tender offers for only leasing/hiring the equipment will be rejected.

II.1.6. CPV code(s)

33192230 Operating tables

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: yes

Tenders may be submitted for one or more lots

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

The contracting authority would like tenders for 3 different system tables:

1. Tables for a fixed base (approx. 50-52 tables);
2. Tables for mobile/movable base (approx. 10-12 tables);
3. Special surgical tables for back surgery (1-2 tables).

II.2.2. Information about options

Options: yes

Description of options: 1. Option for a service contract. The contracting authority will be free to choose and enter into a service contract after the guarantee period has expired, c.f. Part 2 Annex 5 — Service Contract.

2. Other options are described in Part 2 Annexes 2A, 2B and 2C Requirement Specifications and Part 2 Annex 1 Price Form.

II.2.3. Information about renewals

This contract is subject to renewal: yes

Number of possible renewals: 2

In the case of renewable supplies or service contracts, estimated timeframe for subsequent contracts:

in months: 24 (from the award of the contract)

II.3. Duration of the contract or time limit for completion

Information about lots

Lot No: 1

Lot title: Surgical tables with a fixed base.

1)

Short description

System tables with a fixed base.

Modular complete built-up patient top with great flexibility, the accompanying mattresses and with DIN universal rails on both sides.

An accompanying transport trolley per table top.

Electrical control of the following functions:

- Trendelenburg / anti-trendelenburg
- Sliding both ways
- Tilt
- Options for different breaks
- Raising and lowering.

2) CPV code(s)

33192230 Operating tables

3) Quantity or scope

Estimated value excluding VAT: 24 000 000 NOK

4) Indication about different time frame or duration

Duration in months: 48 (from the award of the contract)

5) Additional information about lots

Estimated number of surgical tables with a fixed base: 50-52.

Lot No: 2

Lot title: Surgical tables with a mobile/movable base

1) Short description

System tables with a movable/mobile base

Modular complete built-up patient top with great flexibility, the accompanying mattresses and with DIN universal rails on both sides.

An accompanying transport trolley per table top.

Electrical control of the following functions:

- Trendelenburg / anti-trendelenburg
- Sliding both ways
- Tilt
- Options for different breaks
- Raising and lowering

The system table must have a large portfolio of special equipment and components that cover all the surgical disciplines.

2) CPV code(s)

33192230 Operating tables

3) Quantity or scope

Estimated value excluding VAT: 5 000 000 NOK

4) Indication about different time frame or duration

Duration in months: 48 (from the award of the contract)

5) Additional information about lots

Estimated number of surgical tables with a mobile/movable base: 10-12.

Lot No: 3

Lot title: Special surgical table for back surgery.

1) Short description

Helse Bergen HF would like to receive tenders for 1 complete special surgical table for back surgery that can see to the sketched needs and wishes as described and requested here in the best possible way. Kysthospitalet in Hagavik, KiH, is a university hospital and special hospital for back surgery. They perform approx. 350 back operations per annum. The actual back table can be used for all of these operations, but it would be a great advantage for the surgical result to use a special back table in 100 operations. The contracting authority needs a back table that meets the challenges that exist in spinal surgery at KiH. The back table is important for patients with degenerative conditions that require long bracings, who must be operated on a table on which the correct lordosis can be achieved in the lower back when the bracing instruments are fixed. Furthermore, it is important to achieve good lordosis for a good clinical result for the patient. There is a strong scientific basis that states that the correct lordosis gives a better clinical result in these types of operations.

2) CPV code(s)

33192230 Operating tables

3) Quantity or scope

Estimated value excluding VAT: 1 000 000 NOK

4) Indication about different time frame or duration

Duration in months: 48 (from the award of the contract)

5) Additional information about lots

Estimated number of surgical tables for back surgery: 1-2.

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

See the tender documentation.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

See the tender documentation.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Norwegian tenderers are required to have fulfilled their tax and VAT payment obligations.

Certificate for tax and for VAT. Issued by the Norwegian Tax Administration.

The certificates shall be issued on the Tax Directorate's form RF-1316 or another form that provides the same information.

The certificates shall not show significant arrears. The certificate must not be more than 6

months old at the submission date of the tender offer.

Tenderers are required to be a legally established company.

The tenderer can document this by submitting a copy of their Company Registration Certificate. Foreign companies shall submit proof that the company is registered in a trade or business register as prescribed by the law of the country where the tenderer is established.

III.2.2. Economic and financial ability

List and brief description of conditions: The supplier must have the financial capacity to fulfil the assignment/contract.

— Credit evaluation/rating, not older than 6 months, and which is based on the last known accounting figures. The rating shall be carried out by an officially approved credit rating institution.

We reserve the right to obtain a credit rating on our own initiative from a reputable rating company.

Companies without a satisfactory credit rating, newly started companies with a credit rating of AN, individual foreign companies or companies without reporting obligation to the Brønnøysund Register Centre will not always be able to submit a credit rating as documentation that the qualification requirement is satisfied.

In such cases, this can be compensated by providing alternative documentation together with the tender.

— Latest annual financial statement with notes including auditors certificate.

— Income statement and balance for the last six months if it is more than six months since the last annual financial statement.

III.2.3. Technical and professional ability

List and brief description of conditions:

The tenderer is required to have adequate experience from similar assignments. Similar assignments are seen as the delivery of such performance as encompassed by the competition for major public departments/companies or to major private corporations.

— Tenderers shall enclose a list of the most important relevant deliveries and services performed during the past 3 years, including information on the value, date, and recipients. Certificates issued or verified by the Contracting Authority can be attached.

Tenderers shall have good implementation ability/capacity.

— Tenderers shall enclose a description of their technical personnel or technical units they have at their disposition to fulfil the contract, regardless of whether they belong to the company or not, especially those responsible for the quality control.

Tenderers must have a well-functioning quality assurance system for the services that shall be provided.

If the routines described in the Tenderer's quality assurance /or quality control system are in accordance with ISO standards or equivalent third party verification system, it is sufficient to enclose a valid certificate with information on where this is described. Alternatively, an existing system and routines that substantiate that the requirement is fulfilled can be described.

Tenderers are required to have a well-functioning quality assurance system that ensures that the fulfilment of the contract has a low impact on the environment.

— Tenderers shall enclose a description of their quality assurance system. The description shall be a maximum of 6 A4 pages. If the routines described in the Tenderer's quality assurance /or quality control system are in accordance with ISO standards or equivalent third party verification system, it is sufficient to enclose a valid certificate with information on where this is described.

Tenderers shall have good implementation ability/capacity.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Open

IV.1.2. Information about the limits on the number of candidates to be invited

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

2016/226

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

23.1.2017 - 12:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

until: 1.10.2017

IV.3.8. Conditions for opening of tenders

Date: 23.1.2017 - 12:00

Persons authorised to be present at the opening of tenders: no

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

VI.5. Date of dispatch of this notice

5.12.2016
