Directive 2004/18/EC

1) Justification for the choice of the negotiated procedure without prior publication of a contract notice in the OJEU in accordance with Directive 2004/18/EC

The works, supplies or services can be provided only by a particular economic operator for the following reason:

technical

This is because BAE Systems Global — Combat Systems Limited, Barrow in Furness, in its capacity as Design Authority, uniquely possesses the technical know-how, expertise, tooling and equipment required to produce and manufacture the range of items to the latest build standard without the requirement of the drawings usually supplied by the Authority. It is proposed that the additional items will be listed in an annex to the Contract so that when (and if) the drawings become available and it is possible to run a competition for the item(s), the relevant item(s) can be easily identified and removed from the Contract. The Authority commits that in the event that drawings for any of the additional items become available to the Authority for issue to potential bidders for tendering purposes, the relevant item(s) shall be removed from the Contract and competitive bids shall be sought in accordance with the Regulations.
