Framework agreement:

Framework agreement, without reopening of competition

Maximum number of participants: 22

Justification for the duration of the framework agreement: The framework agreement has a term of six years (4 + 1 + 1), exceeding the general rule in Section 26-1, fourth paragraph, of the Norwegian Public Procurement Regulations. The extended term is justified by the investments and ongoing costs associated with vehicles, snow-clearing and gritting equipment, and required standby capacity. It also provides greater predictability for suppliers, supports competition, and helps ensure stable delivery of this critical public service. The contracting authority therefore considers that special circumstances justify a six-year contract

term pursuant to Section 26-1, fourth paragraph, of the Norwegian Public Procurement Regulations.
