Foreign tenderers: Verification that the tender is registered in a trade index or a register of business enterprises as prescribed by the law of the country where the tenderer is established.

III.2.2. Economic and financial ability

List and brief description of conditions: The tenderer is required to be financially solvent, which gives the contracting authority the security that the tenderer will be financially viable throughout the period of the agreement.

A creditworthiness of A (creditworthy) is required to be eligible for this competition. Tenderers with a lower rating will be rejected.

Documentation: —An extended credit rating/report, not older than 3 months for the deadline for receipt of tenders, from a publicly certified credit company, which includes a credit rating of the tenderer — typically given by a letter or a short text, as well as an explanation thereof. The report shall be based on the last known accounting figures. The date must be clear.

— Companies without sufficient credit rating, newly established companies with a credit score of AN, individual foreign companies or companies without reporting obligation to the Brønnøysund Register Centre will not always be able to document that the requirement is met. In such instances, they will be able to compensate with a satisfactory credit rating which provides an equivalent security for implementation ability. These alternative documents must be included with the tender.

If the tenderer has valid reasons for not being able to provide the documentation requested by the Contracting Authority, the tenderer can prove the economic and financial position with any other document that the Contracting Authority deems suitable.
