### **II.1.3. Information about a framework agreement or a dynamic purchasing system**

The notice involves a public contract

### **II.1.4. Information about framework agreement**

### **II.1.5. Short description of the contract or purchase(s)**

NPT would like to enter into a contract for consultancy services for the development of a long-run incremental cost (LRIC) model for fixed access networks. The purpose of this assignment is that NPT shall have an effective tool when it shall consider future regulation of the wholesale markets for broadband. The applicable markets in Norway are the wholesale market for full and shared access to fixed access networks (also referred to as the market for Local Loop Unbundling, LLUB) and the wholesale market for broadband access, Market 4 and Market 5 respectively. +

Please go to the authority's home pages for further information on conceptual approaches as well as documentation of the existing model.

The project starts winter/spring 2015 and the final model shall be ready by April 2016. See the tender documentation and specification for further information. 'See annex 2 — Requirement specifications for a complete description of the assignment.
