Tenders or requests to participate must be submitted electronically via: <https://permalink.mercell.com/137783815.aspx>

I.4. Type of the contracting authority

Other type: Local government Water and Sewage

I.5. Main activity

General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

902410 Kvaløya Pump Stations, Contract 1: Delivery of Pre-fabricated PS

Reference number: 20/15805

II.1.2. Main CPV code

42122220 Sewage pumps

II.1.3. Type of contract

Supplies

II.1.4. Short description

The contract includes the delivery and activation of three pre-fabricated sewage pump stations and one built in-situ. Four prefabricated superstructures are included. The contract also includes activation and commissioning period in accordance with the Water and Sewage standard service contract and service contract for delivered pump stations.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: NO072 Troms

Main site or place of performance: Kvaløya.

II.2.4. Description of the procurement

The project will be implemented as two contracts: one contract (this contract) with delivery of prefabricated pump stations and on built in-situ and a contract for the excavation works (will be announced in the near future).

This contract includes delivery and activation of four sewage pump stations at Kvaløya.

There are four existing pump stations: PA19 Oladalen, PA30 Midtgård, PA31 Åsland and PA23 Djupelva that will be demolished and replaced with new pump stations.

PA23 is offered as an option because of the uncertainty related to land acquisition and rights. I. e. PA23 may be ordered later than the other stations, alternatively not ordered at all.

The contract also includes activation and commissioning period in accordance with the water and sewage standard service contract and service contract for delivered pump stations.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 3

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

PA23 is offered as an option because of the uncertainty related to land acquisition and rights. I. e. PA23 may be ordered later than the other stations, alternatively not ordered at all.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: no

II.2.14. Additional information

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Open procedure

IV.1.3. Information about a framework agreement or a dynamic purchasing system

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 13/10/2020 Local time: 12:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.2.4. Languages in which tenders or requests to participate may be submitted

Norwegian

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 11/01/2021
