the abovementioned address

Tenders or requests to participate must be submitted: the abovementioned address**I.2. Type of the contracting authority**

Other: non-profit association

I.3. Main activity

Environment

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Initiative orientated monitoring in the water area Mjøsa in 2017, with an option for a further 2 years (2017-01).

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 27: Other services

Main site or place of performance: Lillehammer.
NUTS code NO0 Norge

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

Vassdragsforbundet would like to find a professionally capable cooperation partner within initiative orientated monitoring of lakes, rivers and streams. The rivers flowing into Mjøsa and Mjøsa itself have been monitored for more than 40 years. The monitoring programme for the water area Mjøsa has been adjusted in accordance with the Water Regulations and in accordance with the environment authorities. The environmental standard shall be classified in accordance with Guidelines 02:2013 — revised 2015 — Classification of the environmental condition of the water.

The competition includes these sub-areas together:

1. Monitoring Stor-Mjøsa (main station Skreia);
2. Monitoring the water quality at 3 other stations in Mjøsa, Brøttum, Kise and Furnesfjorden, as well as animal plankton in Furnesfjorden;
3. Monitoring chemical and hygienic/bacteriological conditions in Mjøsa's 6 largest feed rivers and the outflow river Vormå, as well as biological surveys in the 11-12 largest feed rivers and Vormå on a rolling programme;
4. Reporting, including various presentations and entering all data into the database Vanmiljø.

II.1.6. CPV code(s)

90711500 Environmental monitoring other than for construction

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

See the tender documentation.

II.2.2. Information about options

Options: yes

Description of options: The initiative orientated water monitoring for the water area Mjøsa for 2017, described in the requirement specifications (annex A) is also to be carried out in 2018 and 2019, as long as there available financing. The competition is therefore announced with an option for a further 2 years. This means that the total price for 2017 that tenderers work out will be multiplied by 3 in order to find a calculation basis for a decision in the competition (c.f. Annex B — price form). The contract will, however, be signed for 1 year at a time (c.f. Annex C), see the tender documentation.

II.2.3. Information about renewals

This contract is subject to renewal: yes

Number of possible renewals: 2

In the case of renewable supplies or service contracts, estimated timeframe for subsequent contracts:

in months: 24 (from the award of the contract)

II.3. Duration of the contract or time limit for completion

Start 6.2.2017. Completion 1.5.2018
