Value of all contracts awarded in this notice: 35 000 000,00 NOK

Direct award

:

Justification for direct award: Service contract awarded on the basis of an exclusive right

Other justification: The procurement is carried out without a competition in accordance with ffo.

§ 9-3 letter b nos. 2 and 3. VAV believes that it is the basis for directing the maintenance

agreement of the supplier who delivered the system Malthe Winje Automasjon AS (MWA), as

it is impossible to hold a competition for technical reasons, as the tenderer has sole rights (intellectual property rights) to very large parts of Bekkelaget treatment plant's SRO system. The direct procurement is due to the fact that as long as the concrete system currently used to control and monitor the purification processes at Bekkelaget is provided by MWA, it is not technically possible to use another supplier. It will require replacement of large parts of the current system, and prevent the operation of Bekkelaget treatment facility. Currently only MWA has the copyright to source codes and libraries for Bekkelaget Sewage Treatment Plant's system. Only MWA can deliver complete maintenance of the system. If a competition is to be held, large parts of the current system must be replaced, which is not appropriate or sustainable. Separating parts of the system for which VAV has an expanded right to use it is also technically impossible.
