

Sweden-Stockholm: Building installation work
OJ S 169/2021 01/09/2021
Contract notice – utilities
Works

Legal Basis:

Directive 2014/25/EU

Section I: Contracting entity

I.1. Name and addresses

Official name: Stockholm Exergi AB
National registration number: 556016-9095
Postal address: Jägmästargatan 2
Town: Stockholm
NUTS code: SE Sverige
Postal code: 115 77 Sto
Country: Sweden
E-mail: nicklas.schultz@partners.stockholmexergi.se
Telephone: +46 725-147280

Internet address(es):

Main address: <https://www.stockholmexergi.se/>

I.3. Communication

The procurement documents are available for unrestricted and full direct access, free of charge, at: <https://www.e-avrop.com/forumvarme/e-Upphandling/NoticeLink.aspx?id=65077>
Additional information can be obtained from the abovementioned address
Tenders or requests to participate must be submitted electronically via: <https://www.e-avrop.com/forumvarme/e-Upphandling/NoticeLink.aspx?id=65077>
Tenders or requests to participate must be submitted to the abovementioned address

I.6. Main activity

Production, transport and distribution of gas and heat

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Retrofit CHP Project – Electric Installation
Reference number: UH-2021-180

II.1.2. Main CPV code

45300000 Building installation work

II.1.3. Type of contract

Works

II.1.4. Short description

Background

Stockholm Exergi AB (SE), is a provider of district heating, district cooling and electric power from a set of owned and operated plants and grid throughout the Stockholm metropolitan area. SE have taken an investment decision to invest in the lifetime extension of its largest combined heat and power plant (CHP) – KVV1 at – Värtaverket, in Stockholm.

Project Scope

- Demolition and scrapping of cables, cabinets, junction boxes, cable ladders, switchgears, distribution boards, transformers, lighting etc.
- Temporary power and lighting
- Delivery and installation of new lighting including switchgear, transformers, distribution boards, cabling, cable ladders, fixtures etc.
- Delivery and installation of new power and control cabling and cable ladders for process

II.1.5. Estimated total value

Value excluding VAT: 110 000 000,00 SEK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

45300000 Building installation work, 45310000 Electrical installation work

II.2.3. Place of performance

NUTS code: SE Sverige

Main site or place of performance: Sweden, Stockholm, Värtaverket

II.2.4. Description of the procurement

Background

Stockholm Exergi AB (SE), is a provider of district heating, district cooling and electric power from a set of owned and operated plants and grid throughout the Stockholm metropolitan area. SE have taken an investment decision to invest in the lifetime extension of its largest combined heat and power plant (CHP) – KVV1 at – Värtaverket, in Stockholm.

KVV1 is a CHP plant for heavy fuel oil with a total nominal steam capacity of 550 MW (220 MW electric power and 330 MW heat) commissioned in 1976. It usually runs when there is a high demand, known as peak demand, for electricity (from November to March).

The majority of the currently installed electrical, instrumentation & control systems (I&C) are about 40 years old. Some parts of the overall control system come from different manufactures and are essentially original equipment.

Project Description

The project objective is to extend the lifetime of the CHP with 25 years. By converting the production plant to combustion of bio-oil and so reduce current levels of emissions to air. Original capacities and performance data, such as district heating and electrical production shall be achieved.

The entire project is divided into three main packages / subprojects, of which two packages have already been procured; i.e. the Boiler and Automation package and the Electric Power Package.

This announcement is connected to the third package Electrical Installation, which includes materials and manpower to perform all required cabling installation. All three Packages are interrelated and coordination will be required.

For more details and requirements including Supplier Code of Conduct and Supplier Selfassessment see enclosed documents.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 110 000 000,00 SEK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 15/04/2022 End: 29/12/2023

This contract is subject to renewal: no

II.2.9. Information about the limits on the number of candidates to be invited

Maximum number: 10

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers
