I.4. Type of the contracting authority

Ministry or any other national or federal authority, including their regional or local subdivisions

I.5. Main activity

General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Emergency warnings Nordkapp Municipality

Reference number: 202310488

II.1.2. Main CPV code

71351610 Meteorology services

II.1.3. Type of contract

Services

II.1.4. Short description

The purpose of the procurement is to enter into an agreement with one tenderer for site-specific avalanche warnings in Nordkapp municipality.

Avalanche path warnings will describe and warn of avalanche danger for defined avalanche pathways in Honningsvåg and Kuvika, based on data from weather stations and webcams provided by the supplier. Landslide path warnings refer to the probability of naturally triggered landslides that can be so large that they can affect buildings. The landslide warning will provide a basis for assessing the evacuation of the buildings at risk of landslides, and consider banning travel in landslide-prone areas.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

34928330 Paravalanche devices, 34932000 Radar sets, 35121900 Radar detectors, 38115100 Radar surveillance equipment, 38120000 Meteorological instruments, 38127000 Weather stations, 38200000 Geological and geophysical instruments, 71351000 Geological, geophysical and other scientific prospecting services, 71351200 Geological and geophysical consultancy services

II.2.3. Place of performance

NUTS code: NO074 Troms og Finnmark

II.2.4. Description of the procurement

The contracting authority for the contest is the Norwegian Water Resources and Energy Directorate [Norges vassdrag- og energidirektorat (NVE)], which is responsible for managing Norway's water and energy resources, ensuring a secure power supply and improving society's ability to manage flood and landslide risks. NVE is headquartered in Oslo with regional offices in Narvik, Trondheim, Førde, Tønsberg and Hamar, with a total of over 600 employees with interdisciplinary expertise.

The purpose of the procurement is to enter into an agreement with one tenderer for site-specific avalanche warnings in Nordkapp municipality. Avalanche path warnings will describe and warn of avalanche danger for defined avalanche pathways in Honningsvåg and Kuvika, based on data from weather stations and webcams provided by the supplier. Landslide path warnings refer to the probability of naturally triggered landslides that can be so large that they can affect buildings. The landslide warning will provide a basis for assessing the evacuation of the buildings at risk of landslides, and consider banning travel in landslide-prone areas. The goal is to reduce the risk to an acceptable level in order to be able to live in landslide-prone buildings in Honningsvåg until physical safety measures have been established. Relevant landslide paths may change during the agreement period.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 24

This contract is subject to renewal: yes

Description of renewals:

Option to extend for 1+1 year, for a total maximum duration of 4 years.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

Option for 1+1 year extension.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Requirement: Tenderers must have their affairs in order with respect to the payment of tax, payroll tax and value added tax (VAT). DOCUMENTATION REQUIREMENT: Tax Certificate, not older than six months calculated from the tender deadline. For Norwegian tenderers: A tax and VAT certificate issued by the Tax Collection Office via Altinn. Foreign tenderers must submit equivalent certificates from their own country that show that they have an arrangement for the payment of taxes and duties. If the authorities in the relevant country do not issue such certificates, the tenderer should submit a declaration stating that all taxes and duties have been paid. The statement must be approved and signed by the tenderer's Financial Director /person responsible for finance. REQUIREMENT: Tenderers must be a legally established company. DOCUMENTATION REQUIREMENT: Norwegian tenderers: Company registration certificate. The contracting authority will obtain a Company Registration Certificate from the Brønnøysund Register Centre for Norwegian tenderers. Norwegian tenderers do not, therefore, need to submit a such a certificate. Foreign tenderers - confirmation that the tenderer is registered in a trade register or company register in accordance with the law in the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

REQUIREMENT: Tenderers must have sufficient financial strength to fulfil the contract.

DOCUMENTATION REQUIREMENT: The tenderer's annual accounts including notes with the board's and auditor's reports for 2020, 2021 and 2022. If there are reasons as to why the provision annual accounts cannot be attached, the tenderer can document finances in another way. The contracting authority reserves the right to carry out a credit assessment from Experian. Financial strength is evaluated in relation to turnover, operating profit margin, solidity and liquidity. The contracting authority will obtain the revised annual accounts from the Brønnøysund Register Centre for Norwegian tenderers. Norwegian tenderers do not, therefore, need to submit their revised annual accounts.

Minimum level(s) of standards possibly required:
Tenderers must have the financial strength to fulfil the contract.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

REQUIREMENT: Tenderers must have sufficient implementation ability to fulfil the contract.

DOCUMENTATION REQUIREMENT: A brief and general description of the organisation must be provided, including a description of the proportion of the contract that the tenderer is considering subcontracting. REQUIREMENT: Tenderers must have experience from relevant and comparable deliveries. Relevant and comparable deliveries means site-specific avalanche warnings. At least one reference project must show experience from site-specific avalanche warnings for buildings. DOCUMENTATION REQUIREMENT: An overview of 3 relevant deliveries that the tenderer has carried out in the last 3 years. At minimum, the list of deliveries must include the name of the contracting authority, a brief description of the assignment, time of completion, scope of delivery in amounts and/or hours. REQUIREMENT: Tenderers must have a documented quality management system. DOCUMENTATION REQUIREMENT: A short description of the tenderer's quality management system that shows that the tenderer has implemented it. If a tenderer is certified in accordance with ISO 9001 or equivalent quality assurance certificate, it is sufficient to attach a copy of the valid certificate. REQUIREMENT: Tenderers must have a documented and satisfactory environmental management system. DOCUMENTATION REQUIREMENT: A short description of the tenderer's environmental management system that shows that it has been implemented by the tenderer.

If a tenderer is certified in accordance with a public certification body (the Eco-Management and Audit Scheme (EMAS), the Eco-Lighthouse scheme, ISO 14001 or other recognised environment management system/standard), it is sufficient to attach a copy of the valid certificate.

Minimum level(s) of standards possibly required:

Tenderers must have sufficient implementation ability to fulfil the contract. Tenderers must have experience from relevant and comparable deliveries. Tenderers must have a documented quality management system. Tenderers must have a documented and satisfactory environmental management system.
