no

## **II.2.14. Additional information**

## **Section III: Legal, economic, financial and technical information**

---

### **III.1. Conditions for participation**

#### **III.1.1.**

## **Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Tenderers must be registered in a company register, professional register or a trade register in the state where the tenderer is established.

Documentation requirement:

- Norwegian companies: company registration certificate,
- foreign companies: verification that the tenderer is registered in a company register, trade register or a commerce register in the country where the tenderer is established.

### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

Tenderers must have sufficient economic and financial capacity to fulfil the contract. Capacity that implies that the tenderer has good solidity and good credit worthiness will be sufficient to fulfil the requirement.

Documentation requirement:

- a credit rating based on the most recent financial figures. The rating must be carried out by a credit rating company with a licence to conduct this service.

If a tenderer has valid reasons for not being able to provide the documentation requested by the contracting authority, the tenderer can prove his economic and financial position with any other document that the contracting authority deems suitable.

### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

- 1) Tenderers must have experience from comparable assignments.

Documentation requirement:

A description of up to 3 of the tenderer's most relevant/comparable assignments during the last 5 years (description must be completed in 'Annex B, reference assignment'). The description must include a statement of the assignment's complexity (including logistics), volume, value, date and recipient (name, telephone number and email address). It is the tenderer's responsibility to document relevance through the description. The tenderer can document the experience of the personnel that may be used for this project, including experience that has been acquired while the personnel was in the service of another employer. The contracting authority can also emphasise any of its own documented experience with relevant tenderers. The contracting authority can contact the stated references for verification.

- 2) The tenderer must have a good and well-functioning quality assurance and management system for the services that will be provided.

Documentation requirement:

The tenderer must submit documentation of their quality assurance system and management system. The following documentation will be accepted:

Certificate of the company's quality system/management system, issued by independent bodies that confirm that the tenderer fulfils quality assurance standards in accordance with ISO 9001 or equivalent or the company's procedures/routines for:

- dealing with deviations and claims,
- selection, evaluation and follow-up of sub-supplier(s), including documentation on how the tenderer can ensure the right product quality from its sub-suppliers,
- the process from the receipt and registration of orders until delivery at the customer.

- 3) The tenderer must have an environmental management system.

Documentation requirement:

The tenderer must submit documentation of their environment management system. The following documentation will be accepted:

- valid attestations/certificates issued by an independent body (e.g. ISO 14001, EMAS, Miljøfyrtårn or equivalent), or
- a description of the tenderer's own environment management system. The description must as a minimum include environmental goals and an environmental policy.
