#### **IV.1. Description**

##### **IV.1.1. Type of procedure**

Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- Extreme urgency brought about by events unforeseeable for the contracting authority and in accordance with the strict conditions stated in the directive

Explanation:

The contest was first announced as a contest with negotiations on 25.12.2021 with a qualification deadline of 25.01.2022. The contracting authority did not receive any qualification requests within the deadline and cancelled the contest a couple days later. The contest was

then announced as an open tender contest on 25.02.22 with a tender deadline of 25.03.22. The contest consists of three lots and the contracting authority has received one tender offer for each of the three contracts. The tenders submitted exceeded the contracting authority's budget for all contracts, with a total deviation of approx. NOK 7.5 - 12 million annually (annual contract value of NOK 12 million). The contest was cancelled in accordance with the regulations § 25-4 on 05.04.22. By this time, there was little time before startup, and it was urgent to put a new contract in place. It was taken into consideration that there was not enough time to hold a new open tender contest, as a broad market dialogue was required in advance in order to facilitate the contest and balanced contracts before a new announcement was made, and to avoid another failed contest.
