The programme is currently delivered by a network of SOLAS approved Safe Pass Tutors in a classroom setting. When issued, Safe Pass Cards are valid for a period of four years. Card holders are required to renew their cards before the card expiry date. Currently, existing card holders wishing to renew their card are required to complete a paper-based assessment in a classroom setting. Once a candidate has successfully completed the programme their information is uploaded to our National Construction Schemes Database (NCSD) and a SOLAS Safe Pass Registration Card is produced.

When issued, Safe Pass Cards are valid for a period of four years. Card holders are required to renew their cards before the card expiry date. Currently, existing card holders wishing to renew their card are required to complete a paper-based assessment in a classroom setting. SOLAS now intends to provide an online assessment facility as an alternative to this. It is envisaged that the online assessment will be delivered in a national network of assessment centres.
