II.2.4. Description of the procurement

The consultant led community dermatology service will play a key role in supporting Bassetlaw CCG in its strategy to optimise the value of referrals and improve patient experience and outcomes. The service will manage a broad range of dermatological conditions and support the development of sustainable care pathways, which are cost-effective, responsive to local need, and agreed with key partners. The community service will also play a pivotal role in strengthening the dermatology offering in Bassetlaw, by providing a link between primary and secondary care, building capacity and expertise within the community and diverting less complex activity away from the acute trusts, thereby improving access to secondary care for those patients requiring secondary care treatment.

The provider will deliver a comprehensive integrated service model which is multi-disciplinary, high quality and consultant-led. The community dermatology service will provide timely assessment, diagnosis and treatment of the full range of dermatological diseases. The provider will ensure services are safe, sustainable and high quality, delivered from a range of community based locations across the CCG. The provider will form strong working relationships across primary, community and secondary care services (including an existing teledermatology service) to ensure the patient pathway is seamless and meets the needs of our patients.
