Framework agreement, without reopening of competition
Maximum number of participants: 1
Justification for the duration of the framework agreement: The contracting authority intends to enter into a framework agreement for 2 years, with a unilateral option for an extension for 2+2 years, altogether up to 6 years. The justification for the contract´s length is connected to the nature and scope of the procurement. Tenderers who are awarded the contract may need to establish or adapt suitable storerooms for storage, handling and logistics of municipal aids, including signing a rent contract for commercial premises as well as facilitating operations in accordance with the contract´s requirements. Such investments carry economic and contractual obligations over time. A framework agreement with sufficient duration contributes to ensuring proportionality between the tenderer's investments and the contract´s maturity, facilitate real competition, by giving several tenderers a financial basis for participation, and providing predictability and stability in the provision of socially critical services.
**Information about the dynamic purchasing system:**
No dynamic purchase system
