North of England Commissioning Support are working for and on behalf of NHS England — North (Yorkshire and Humber) who wish to commission a Referral Management Service (RMS) to manage the appropriate clinical demand and allocation of referrals initially for oral surgery services, Levels 2 and 3, across West Yorkshire excluding non-elective referrals and those referrals where the General Dental Practitioner suspects a malignancy.

NHS England reserves the right to request expansion of this service in the future. NHS England accepts that any future expansion would be subject to negotiation, however, the successful RMS provider must be able to demonstrate that their systems and processes are capable of expansion, e.g. to manage referrals for additional specialities and over wider a wider geography.

The RMS will enhance the patient care pathway and will work closely with relevant clinical networks, commissioners and providers to ensure appropriate, timely, effective and safe dental treatment to the local population. Commissioners are seeking bids providing innovative service models and solutions, which will enhance and complement the clinical pathways, whilst supporting the transition to a paperless NHS.

A Bidder event for further clarification and explanation of the procurement process has been arranged for 14:00-16:00 on Monday 11.1.2016. The event will be held at the following venue: NHS Leadership Academy, The Embankment, Sovereign St, Leeds, LS1 4GP.

The contracts on offer will be for a period of 5 years.

Please note this is a voluntary notice as healthcare services are currently Part B regime in accordance with the Public Contracts Regulations 2006 (as amended), and therefore compliance to the full regulations is not mandatory. The new Public Contracts Regulations 2015 are now in force however there is a delay in application of the Light Touch Regime (LTR) to the commissioning of health services for the purposes of the NHS. Draft regulation 118

provides that the LTR will only apply to the procurement ('commissioning') of health services for the purposes of the NHS from 18.4.2016. The basic principles of the Open Procedure will be followed to commission the service thus ensuring a fair, open and transparent process in accordance with NHS (Procurement, Patient Choice and Competition) (No. 2) Regulations 2013.
