

Norway-Bergen: Engineering design services

OJ S 220/2017 16/11/2017

Contract notice

Services

Directive 2009/81/EC

Section I: Contracting authority/entity

I.1. Name and addresses

Official name: Forsvarsbygg [The Norwegian Defence Estates Agency]

National registration number: 975950662

Postal address: Haakonsværn K-71

Town: Bergen

Postal code: 5886

Country: Norway

Contact person: Project and disposal

For the attention of: Bernt Stensaker

E-mail: bernt.stensaker@forsvarsbygg.no**Internet address(es):**Address of the buyer profile: <https://kgv.doffin.no/ctm/Supplier/CompanyInformation/Index/2668>Electronic access to information: <https://kgv.doffin.no/ctm/Supplier/Documents/Folder/158278>**Additional information can be obtained from:**

the abovementioned address

Specifications and additional documents (including documents for competitive dialogue and a dynamic purchasing system) can be obtained from:

the abovementioned address

Tenders or requests to participate must be submitted: the abovementioned address**I.2. Type of the contracting authority**

National or federal agency/office

I.3. Main activity

Defence

I.4. Contract award on behalf of other contracting authorities/entities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

HOS P6346 — EBA for new submarines, Framework Agreement — Engineering Design.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 17: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

Main site or place of performance: Bergen, Haakonsværn, Norway.

NUTS code NO051 Hordaland

II.1.3. Information about framework agreement

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with a single operator

Duration of the framework agreement

Duration in years: 7

Estimated total value of purchases for the entire duration of the framework agreement

Estimated value excluding VAT: 150 000 000 NOK

Frequency and value of the contracts to be awarded: See the attached qualification documentation for further information.

II.1.5. Short description of the contract or purchase(s)

The competition shall lead to signing of:

— A framework agreement with a tenderer who shall be the consultant and engineering designer within all building and construction disciplines.

The framework agreement shall be able to be used for preliminary projects, detailed engineering design, contribute to procurement of contracts, follow-up in the construction phase and as needed for reports and other relevant services connected to this assignment. See the attached qualification documentation for further information.

II.1.6. CPV code(s)

71320000 Engineering design services, 71321200 Heating-system design services, 71322000 Engineering design services for the construction of civil engineering works, 71323100 Electrical power systems design services, 71323200 Plant engineering design services, 71325000 Foundation-design services, 45000000 Construction work, 71000000 Architectural, construction, engineering and inspection services, 71300000 Engineering services, 71310000 Consultative engineering and construction services, 71311000 Civil engineering consultancy services, 71311100 Civil engineering support services, 71311300 Infrastructure works consultancy services, 71312000 Structural engineering consultancy services, 71314000 Energy and related services, 71314300 Energy-efficiency consultancy services, 71315000 Building services, 71320000 Engineering design services, 71324000 Quantity surveying services, 71330000 Miscellaneous engineering services

II.1.7. Information about subcontracting

The tenderer has to indicate in the tender any share of the contract it may intend to subcontract to third parties and any proposed subcontractor, as well as the subject-matter of the subcontracts for which they are proposed

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

See the attached qualification documentation for further information.

Estimated value excluding VAT: 150 000 000 NOK

II.2.2.

Information about options

Options: no

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Start 15.2.2018. Completion 15.2.2025

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

See the attached qualification documentation for further information.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

See the attached qualification documentation for further information.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

See the attached qualification documentation for further information.

III.1.4. Other particular conditions to which the performance of the contract is subject, in particular with regard to security of supply and security of information

See the attached qualification documentation for further information.

III.1.5. Information about security clearance

III.2. Conditions for participation

III.2.1. Personal situation

Criteria regarding the personal situation of economic operators (that may lead to their exclusion) including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: See the attached qualification documentation for further information.

Criteria regarding the personal situation of subcontractors (that may lead to their rejection) including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: See the attached qualification documentation for further information.

III.2.2. Economic and financial ability

Criteria regarding the economic and financial standing of economic operators (that may lead to their exclusion)

List and brief description of conditions: The tenderer shall be creditworthy.

Tenderer's credit rating, not older than six months when calculated from the expiry of the application deadline. The assessment shall be issued by a company with a credit reporting license from the Norwegian Data Protection Authority, see www.datatilsynet.no. The credit rating shall contain an assessment of the tenderer's payment history/reliability. The result of the credit rating must be given as a graded value (letters or numbers) on a defined scale. If the tenderer, in order to comply with the requirement, presents guarantees from other companies (e.g. the parent company), an equivalent credit rating must be submitted for that

company. Furthermore, a legally binding confirmation must be enclosed from this company stating that they have joint and several liability under the contract.

The tenderer must have the financial capacity to implement the contract.

Presentation of the fiscal figures from the last available Annual Financial Statements, showing the tenderer's turnover. (Not required if the accounts' key figures are shown in the credit rating)

See the attached qualification documentation for further information.

Minimum level(s) of standards possibly required: See the attached qualification documentation for further information.

Criteria regarding the economic and financial standing of subcontractors (that may lead to their rejection)

List and brief description of conditions: See the attached qualification documentation for further information.

III.2.3. Technical and/or professional capacity

Criteria regarding the technical and/or professional ability of economic operators (that may lead to their exclusion)

List and brief description of conditions:

The tenderer (as a company) shall have good competence in engineering design of buildings /installations/industry of equivalent scope and complexity.

This includes the tenderer having good competence and experience with the use of the Building SMART system as a work tool.

If the tender requires use of sub-providers, or if several companies are submitting tenders jointly, the total joint competence is not required to be developed in co-operation between the various companies.

A list of the most important deliveries or services performed (limited to the last five years). The list should highlight the tenderer's role in the reference project, along with the value, dates and the name of the public or private recipient.

The list must also include information of the degree the BuildingSMART system was used.

The tenderer shall complete the attached excel sheet, see Annex 6 (separate electronic file).

The tenderers shall not deliver their own reference lists, but use only the Norwegian Defence Estates Agency's excel sheet.

The tenderer must have the financial capacity to comply with the contractual obligations. See Annex 5.

Minimum level(s) of standards possibly required

See the attached qualification documentation for further information.

Criteria regarding the technical and/or professional ability of subcontractors (that may lead to their rejection)

List and brief description of conditions:

See the attached qualification documentation for further information.

Minimum level(s) of standards possibly required

See the attached qualification documentation for further information.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: yes

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Negotiated

IV.1.2. Information about the limits on the number of candidates to be invited

Envisaged minimum number 4 and Maximum number 7

Objective criteria for choosing the limited number of candidates: See the attached qualification documentation for further information.

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated yes

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction has been used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

100429

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

IV.3.4. Time limit for receipt of tenders or requests to participate

14.12.2017 - 14:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

Other Norwegian.

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: no

VI.3. Additional information

See the attached qualification documentation for further information.

VI.4. Procedures for review

VI.4.1. Review body

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

VI.5. Date of dispatch of this notice

14.11.2017
