Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

See the qualification documentation in chapter 11.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Other particular conditions to which the performance of the contract is subject, in particular with regard to security of supply and security of information

See the qualification documentation in chapter 11.

III.1.5. Information about security clearance

III.2. Conditions for participation

III.2.1. Personal situation

Criteria regarding the personal situation of economic operators (that may lead to their exclusion) including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: Tax and VAT certificate — only applies to Norwegian tenderers. The certificate must not be older than 6 months from the tender deadline. The contracting authority will obtain the company certificate from the Company Register. Foreign tenderers must attach certificate that prove they are a legally established company and that they are registered in the professional register as determined by the law of the country in which the tenderer is established.

III.2.2. Economic and financial ability

Criteria regarding the economic and financial standing of economic operators (that may lead to their exclusion)

List and brief description of conditions: The company's most recent Annual Accounts with notes, including any new information of relevance to the company's accounting figures. If the tenderer has valid reasons as to why such documentation cannot be obtained, or that the economic situation has changed significantly since the last submitted annual financial statement, the tenderer can prove his economic and financial position with other documentation acceptable to the Contracting Authority. If the tenderer has such valid reasons, he may contact the contracting authority in writing in order to clarify which other documentation is acceptable. The contracting authority reserves the right to obtain a credit rating of the tenderers.

Minimum level(s) of standards possibly required: The tenderer is required to have satisfactory economic and financial ability to carry out the agreement. The tenderer's solidity, liquidity and

financial strength set up against the procurement's total value and contract length will be central in this assessment.

III.2.3. Technical and/or professional capacity

Criteria regarding the technical and/or professional ability of economic operators (that may lead to their exclusion)

List and brief description of conditions:

An overview of the tenderer's most important contracts in the last three years. This must specify the content of the contract, length, date and the name of the contracting authority. References will be contacted if needed to clarify relevance of the assignment. The template, annex 2 must be used.

Statement of the tenderer's quality assurance system/quality management system.

Alternatively copies of the system certificate issued by accredited certification organisations or equivalent documentation can be submitted.

Minimum level(s) of standards possibly required

The tenderer shall have very good experience from equivalent assignments.

A good and well-functioning quality assurance system is required for the services that shall be provided.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no
