II.1.4. Short description

Cambridgeshire County Council require a design and build contractor to design and construct the scheme. The scheme was previously awarded as a 2 stage D&B and the full detailed design has been completed, however the costs increased so it has been decided to go back to the open market.

This procurement is not divided into lots, as the authority requires one single lead provider to be awarded this contract, utilising their supply chain as required.

II.1.5. Estimated total value

Value excluding VAT: 15 800 000,00 GBP

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

44000000 Construction structures and materials; auxiliary products to construction (except electric apparatus)

II.2.3. Place of performance

NUTS code: UKH12 Cambridgeshire CC

II.2.4. Description of the procurement

The authority wishes to appoint a provider for design and construction to bypass the level crossing at King's Dyke, Whittlesey. The works will include 1 km of new road on structural embankments, a new bridge over the railway and accommodating works. The scheme was previously awarded as a 2 stage design and build contract, for which a detailed design was completed. Cost estimates increased over time and so the authority is now seeking improved outcomes from the market.

The provider will be required to take responsibility for the existing detailed design, but may seek approval from the authority as to where it may be improved. The authority therefore welcomes value engineering exercises from the provider but notes that existing planning consent, site and technical constraints must be all upheld in any proposals which may come forward. Non-material amendments may be considered.

It is expected that a contract will last for a period of approximately 2 years.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents
