II.2.4. Description of the procurement

The procurement is for emptying and transporting sludge from private and municipal sewage facilities in Songdalen municipality in Vest-Agder County.

The work includes, amongst other things, emptying sludge from the following types of sewage facilities:

- private interceptors for sludge/mini-treatment facilities,
- municipal sewage pump stations,
- blocked collection tanks for sewage,
- large interceptors for sludge,
- sewage treatment plants,
- surface water drains,
- major flushing,

- emptying blocked tanks,
- emptying services not included in the municipality's practice. For further information on the procurement's content see annex 1, the Contracting Authority's requirement specifications.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 24

This contract is subject to renewal: yes

Description of renewals:

The Framework Agreement will be valid for 2 years, with an option for up to a further 2 + 1 years, so that the total possible contract length is 5 years.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

There will be an option to expand the sludge emptying services to include septic tanks and mini-treatment facilities in Kristiansand municipality, which are not emptied by the municipality itself. The service could be used after enforced sludge emptying is introduced in Kristiansand municipality, i.e., from 1.1.2020. The volume is subject to change. The tenderer will be informed as to whether the service will be used or not by 1.10.2019.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Requirement: tenderers must have sufficient financial capacity to fulfil the contract, including satisfactory turnover, earnings, degree of liquidity and equity. Documentation requirement: solidity assessment from an acknowledged credit appraisal agency. The assessment shall be based on the most recent known accounting figures. The key figures in the requirement must be presented together with an assessment of the tenderer's payment experience or tenderers can instead choose to attach annual financial statements from the last 2 years. These must contain notes, the board's report and auditor's report. The Contracting Authority can free of charge undertake an assessment of the supplier's economic and financial standing by utilising the services of Proff™ Forvalt (www.forvalt.no)

III.1.3. Technical and professional ability

List and brief description of selection criteria:

1) Experience is required from similar assignments: tenderers must have good experience from the execution of equivalent deliveries/comparable assignments. Documentation requirement: a list with an overview of equivalent deliveries in the last 3 years. As a minimum, the list must include: the name of the customer, a contact person at the Contracting Authority and contact information (telephone number and email address), extent and contract value, date of the delivery and a short description of the delivery. It is the tenderer's responsibility to document relevance through the description.

NB: tenderers must submit documentation of equivalent assignments together with the tender and the completed ESPD form. Tenderers must complete annex 5 reference form.

2) Implementation ability: tenderers are required to prove a good ability to fulfil the contract in line with the Contracting Authority's needs. The tenderer is required, therefore, to have sufficient capacity to be able to complete the task.

Documentation requirement: an overview of the company's total manpower, with competence for the execution of this delivery, as well as an overview of the equipment/vehicles (model, year) that will be available for the fulfilment of the contract. Information on established collaboration partners or sub-suppliers who will influence the delivery/which sub-suppliers the tenderer plans to use.

3) Tenderers must have a satisfactory quality system that covers the activities included in the contract.

Documentation requirement: a description of the quality assurance system. Documentation of certification can be presented as documentation.

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Open procedure

IV.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with a single operator

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 20/11/2018 Local time: 12:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.2.4. Languages in which tenders or requests to participate may be submitted

Norwegian

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 20/02/2019

IV.2.7. Conditions for opening of tenders

Date: 20/11/2018 Local time: 12:05

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.2. Information about electronic workflows

Electronic invoicing will be accepted

Electronic payment will be used

VI.3. Additional information

Songdalen municipality, Søgne municipality and Kristiansand municipality will be merged from 1.1.2020. The New Kristiansand municipality will continue with this framework agreement for the geographical area that made up the respective municipalities on the date the contract was signed.
