Occasionally in other locations.

NUTS code

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)**II.1.4. Short description of the contract or purchase(s)**

To fulfil its objectives, the SESAR Programme requires the ATM professional staff organisations expertise and the broader and international engagement that goes beyond specific SJU members expertise in order to ensure that the SESAR solutions are relevant, interoperable and applicable across the European ATM system. There is a strong need to fill

this operational gap by acquiring additional Programme expertise, accessing a communication platform for outreach to all European and Global ATM professional Staff organisations representing their operational and technical interests.
