2.1. Procedure

Title: Preparatory studies for vaccines production capacity increase project in Egypt

Description: The EIB project aims to establish a multi-product vaccine manufacturing facility at the VACSERA site in Sixth of October City, Egypt. Its goal is to strengthen national vaccine production, support the long-term sustainability of immunisation programmes, and enhance regional health security through the supply of high-quality, WHO-prequalified vaccines, in line with Egypt's Vision 2030 and broader African self-sufficiency objectives. The present Technical Assistance (TA) assignment will support VACSERA by conducting a comprehensive feasibility study and market analysis. The consultant will provide evidence-based recommendations on the project design, vaccine production priorities, facility production capacity requirements, and implementation strategy
