The objective of this tender is to appoint 2 suitable Window Treatment suppliers across three regions of the Housing and Care 21 estate (North, Central and South). There will be no

limitations applied to the number of regions a supplier can bid for. Any suppliers who believe they can service every region requested should be able to highlight how this can be achieved as well as highlighting areas of the country that they may struggle to service.

Each selected supplier should be able to provide a comprehensive and high quality service, working in conjunction with Housing and Care 21's Design Team during the makeover process at each court. The supplier will firstly be expected to accurately measure each of the required windows when pricing up for a project to ensure costs and wastage are kept to a minimum. Following this, the chosen supplier will also be expected to provide an efficient and high quality installation service, working to tight timescales.
