### **IV.1. Description**

#### **IV.1.1. Type of procedure**

Open procedureAccelerated procedureJustification:

La urgencia en el trámite del concurso de análisis de metiloma es debido a que la fecha actual prevista de finalización del estudio PESA es el 6.4.2019, por lo que es de vital importancia disponer cuanto antes de los datos brutos resultantes de este análisis para que se puedan analizar a tiempo. En cualquier caso, se debe poner de manifiesto que de la disminución del periodo de publicación del expediente que resulta de la tramitación de urgencia no se desprende ningún problema para cumplir con los plazos por parte de los posibles licitadores, ya que la técnica está muy estandarizada y contrastada y tampoco se requiere una gran preparación en cuanto a la documentación a presentar dado que —cumpliendo con las especificaciones del apartado 2 del Pliego de Prescripciones Técnicas «Características del servicio»)— las exigencias documentales son mínimas.
