II.2.4. Description of the procurement

In 2016, SDFIs made a pilot project to determine how ice free parts of Greenland could be mapped and how an ortho photo could be made available. In 2020 SDFI had a tender to cover large parts of Greenland with ortho photo. This project is a follow up from 2020 to cover ice free areas of Greenland which do not yet have ortho photos.

The aim of this tender is to have the largest possible coverage of ortho photos with a pixel size of 1.6m from optical satellite imagery. The ortho photo must be mostly snow- and cloud free (see Annex OG.1), and with good contrast and natural colours. The ortho photo must be mosaicked seamlessly and delivered as 10x10km tiles, with minimum four bands (Red (R), Green (G), Blue (B) and Near InfraRed (Nir).

The tender is split into five (5) lots, of different size and placement. Five lots are on the North and East coast mostly in the national park. A Supplier may bid for only one lot, several- or all lots. One Supplier can win, one, several or all lots.

The exact location of the ice cap is unknown, so part of the lots will be covered by ice and snow all year around which is acceptable.

The area of lot 1: 14 000Km² - North Greenland

recise information on deadline(s) for review procedures:

Pursuant to the Danish Act on the Complaints Board for Public Procurement, etc. (lov om Klagenævnet for Udbud m.v.) (the Act is available (in Danish) at www.retsinformation.dk), the following deadlines apply to the lodging of complaints:

Complaints for not having been selected must be submitted to the Danish Complaints Board for Public Procurement before the expiry of 20 calendar days, see section 7(1) of the Act, from the day after submission of notification to the candidates concerned of the identity of the successful tenderer where the notification is accompanied by an explanation of the grounds for the decision in accordance with section 2(1)(i) of the Act and section 171(2) of the Danish Public Procurement Act.

In other situations, complaints of award procedures, see section 7(2) of the Act, must be lodged with the Danish Complaints Board for Public Procurement before the expiry of

1) 45 calendar days after the contracting authority has published a notice in the Official Journal of the European Union that the contracting authority has entered into a contract. The deadline is calculated from the day after the day when the notice was published.

2) 30 calendar days calculated from the day after the day when the contracting authority has notified the candidates concerned that a contract based on a framework agreement with reopening of competition or a Dynamic Purchasing System has been entered into where the notification has included an explanation of the relevant grounds for the decision.

3) 6 months after the contracting authority entered into a framework agreement calculated from the day after the day when the contracting authority notified the candidates and tenderers concerned, see section 2(2) of the Act and section 171(4) of the Danish Public Procurement Act.

4) 20 calendar days calculated from the day after the contracting authority has submitted notification of its decision, see section 185(2) of the Danish Public Procurement Act.

Not later than at the time of lodging a complaint with the Danish Complaints Board for Public Procurement, the complainant must notify the contracting authority in writing that a complaint has been lodged with the Danish Complaints Board for Public Procurement and whether the appeal was lodged during the standstill period, see section 6(4) of the Act. In cases where the complaint was not lodged during the standstill period, the complainant must furthermore indicate whether a suspensory effect of the complaint has been requested, see clause 12(1) of the Act.
