Health

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

NHS Barnsley CCG: Barnsley REspiratory Assessment and THERapy (BREATHE) in the Community Service

Reference number: SYPS/BARN/TS/20/45

II.1.2. Main CPV code

85100000 Health services

II.1.3. Type of contract

Services

II.1.4. Short description

NHS Barnsley Clinical Commissioning Group (BCCG) is committed to commissioning high quality, sustainable health care which puts the people of Barnsley first. Building on work that has already taken place to bring together multi-disciplinary community services with general practice into something called Neighbourhood Teams (NT) we now wish to align specialist community respiratory services to this model.

We are procuring a new approach to providing care for adults with respiratory conditions. The new service will be known as Barnsley REspiratory Assessment and THERapy (BREATHE) in the Community — the integrated specialist respiratory team within the neighbourhood team model.

The service will be a community respiratory, out of hospital based service with a main principle of seeing and treating patients in the community, supporting them to stay well at home. The principle of self-care and health coaching should run throughout delivery.

II.1.5. Estimated total value

Value excluding VAT: 4 329 825,00 GBP

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: UKE31 Barnsley, Doncaster and Rotherham

Main site or place of performance: Barnsley, South Yorkshire.

II.2.4. Description of the procurement

The service will provide nursing and therapy support, specialist input to the neighbourhood team model, advice and guidance, an exacerbation support Service (including early supported discharge), home oxygen provision and a Nebuliser Assessment Service (in patient's homes) for patients with:

- COPD;
- pneumonia;
- LRTI (Lower Respiratory Tract Infection);
- asthma;
- bronchitis;
- respiratory rehabilitation pathways (this includes rehabilitation for all Covid-19 patients);
- cancer – end of life;
- chronic respiratory conditions.

Exclusions: heart failure; acute chest infections; and pulmonary rehabilitation which are commissioned independently.

The service will support admission avoidance and support people to stay well at home by implementing the following key principles:

Integrated and working within the Barnsley Single Point of Access (SPA), Primary Care Network (PCN) and 6 Neighbourhood Teams (NT), the specialist service will use risk stratification for case management and management of patients within the NT delivery approach.

The service will apply the NT response times or 'clock-speeds', delivering timely care and interoperability with clinical and referral systems used in Barnsley.

Clinically led by a respiratory consultant and specialist nurse who offer expert input, and support timely advice and guidance to patients and colleagues across the Barnsley healthcare system via the SPA.

Supporting patients to self-manage their conditions with motivation and health coaching. Clear pathways of escalation / de-escalation and communication in place.

Providing neighbourhood based specialist consultant clinics to manage complex patients and providing specialist nurse led clinics based in each 6 NT areas – with prescribing capacity to meet patient demands

Providing support to discharge to assess pathways.

Providing end of life and palliative care including working with the local Hospice.

Innovative staff who maximise care navigation and who are ARTP accredited to deliver and interpret spirometry.

A copy of the key service principles can be found in the supporting documents.

The service aims to provide the best options of care for patients, at the most appropriate location for them, ensuring that care is delivered in a seamless, timely and accessible way.

The contract will be for a term of 3 years with the opportunity to extend for a further 2 years subject to mutual agreement between the successful bidder and the authority. The maximum term of contract is consequently 5 years. The stated contract value is based on a 5-year contract duration.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 60

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no
