#### 2.1. Procedure

Title: Battery pack with operational services and market optimisation.

Description: Returkraft would like to enter into a contract with a tenderer for engineering design services, delivery, installation, testing, commissioning and documentation of a complete battery based energy storage system on Returkraft's facility. The assignment is further described in point 2 of Appendix A - Requirement Specifications. The agreement shall have a duration of one (1) year, with an option for additional three (1+1+1) years, if Returkraft so wishes. Welcome to the competition!

Procedure identifier: cf3c7346-d6d8-4757-86f6-69e904d4a706

Internal identifier: 2026/23

Type of procedure: Open

The procedure is accelerated: no

Main features of the procedure: Returkraft wants to procure a battery pack/BESS to increase the flexibility of the power system associated with its own turbine, improve handling of production balances and strengthen security of supplies in the event of interruptions. The system shall be dimensioned and integrated so that it can be used both commercially and operatively, including for participation in relevant balance sheets and reserve markets for up and down regulation, provided that the necessary technical, market and regulatory requirements are met.
