Section II: Object

II.1. Scope of the procurement

II.1.1. Title

TBO — Geomechanical Laboratory Testing of Opalinus Clay

II.1.2. Main CPV code

73111000 Research laboratory services

II.1.3. Type of contract

Services

II.1.4. Short description

Part of the Nagra's deep borehole project (TBO) is the determination of mechanical properties of Opalinus Clay. The subject of this tender is the execution and documentation of geomechanical laboratory testing with core material from the TBO boreholes. The aim is to quantify the hydro-mechanical properties of Opalinus Clay at in-situ conditions (recovery depth of approximately 300 to 1 000 m). The 2 main types of tests to be performed are:
— triaxial compression tests, under both drained and undrained conditions,

— high pressure oedometric and unconstrained swelling tests.

Bidding of the 2 test types is organised in 2 separate lots. The bidder is allowed to bid on both lots. A minimum number of tests will be required. Additional tests will be requested depending on timing of core availability and testing performance of the Contractor.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: yes

Tenders may be submitted for all lots

II.2. Description

Terms of business: The general terms and conditions of Nagra apply (see <https://www.nagra.ch/en/gtc.htm>) No terms and conditions of bidder/contractor accepted.

Negotiations:

Basic procedural principles: Nagra assigns contracts only to bidders who ensure compliance with the on-site and Swiss health and safety regulations, as well as wage equality for men and women.

Additional information: Nagra reserves the right to freely award further similar tasks related to this basic contract (submission decree of the canton of Aargau § 8, para. 3, lit. i).

Procedures for appeal:

- 1) An objection against this call for tender can be made within 10 days from its publication at the Administrative Court of Canton of Aargau, Obere Vorstadt 40, 5001 Aarau. The standstill of deadlines in accordance to the Swiss civil procedure law does not apply in this case;
- 2) The objection has to be submitted in written form and should contain a motion and a justification.

This includes:

- (a) the indication on how the Administrative Court should decide;

- (b) and to demonstrate on which grounds this decision should be made;
- 3) An objection which does not comply with the requirements described under Points 1 and 2 will not be taken into consideration;
 - 4) The contested tender should be specified, and all the possible evidence should be described and enclosed whenever possible. The objection has to be signed;
 - 5) The contestant has to assume that a cost risk is associated with any objection: as a general rule, the losing party shall bear the procedural costs and, if applicable, the attorney fees of the adverse party.

Deadline/Remarks: The fully completed and legally signed bid, together with all the requested supplements, has to be submitted in 2 hard copies (one original and one marked colour copy). Additionally, one USB-stick with the complete bid has to be submitted. In case of discrepancies between the paper and the electronic submissions, the signed physical bid shall be valid. The written bids have to be received by Nagra latest at the stated deadline. Bids arriving after the deadline will not be evaluated and will be returned unopened.

Remarks (Desired deadline for questions in written form) Questions are to be submitted in English in the forum of www.simap.ch until above stated deadline. Questions arriving after the deadline will not be answered. The answers will be published on the same forum.
