General public services

Section II: Object

II.1. Scope of the procurement**II.1.1. Title**

Procurement of Picture Processing Software for the Dental Service in Oslo Municipality

II.1.2. Main CPV code

48328000 Image-processing software package

II.1.3. Type of contract

Supplies

II.1.4. Short description

The aim of the procurement is to cover the contracting authority's need for picture processing software that can handle X-ray pictures, clinical pictures, and media files that are necessary for patient treatment.

The software must be compatible with Oslo Municipality's technical system and the information security requirements in the health service. The tenderer will be responsible for integrating the software with the contracting authority's EPJ, currently Opus Dental.

The contract will include the establishment of new software with the accompanying training of approx. 220 employees, and a maintenance contract.

The contracting authority would like the new software to be in operation and in use by 1 May 2021 if possible. I.e., the software is implemented and training has been given by the deadline.

II.1.5. Estimated total value

Value excluding VAT: 3 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

72227000 Software integration consultancy services, 72260000 Software-related services, 72267100 Maintenance of information technology software

II.2.3. Place of performance

NUTS code: NO Norge

II.2.4. Description of the procurement

The aim of the procurement is to cover the contracting authority's need for picture processing software that can handle x-ray pictures, clinical pictures, and media files that are necessary for patient treatment.

The software must be compatible with Oslo Municipality's technical system and the information security requirements in the health service. The tenderer will be responsible for integrating the software with the contracting authority's EPJ, currently Opus Dental.

The contract will include the establishment of new software with the accompanying training of approx. 220 employees, and a maintenance contract.

The contracting authority would like the new software to be in operation and in use by 1 May 2021 if possible. I.e., the software is implemented and training has been given by the deadline.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 3 000 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 36

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Requirement: Tenderers must have their tax and VAT payments in order.

Documentation: Tax and VAT certificate, not older than 6 months. The certificate can be ordered and downloaded from Altinn. If this is not possible, it can be ordered from the tax collector or the Norwegian Tax Administration.

Requirement: Tenderers must be a legally established company.

Documentation: Norwegian companies: Company Registration Certificate. Foreign tenderers: Verification that the company is registered in a trade index or a register of business enterprises as prescribed by the law of the country where the company is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Requirement: Tenderers must have the financial capacity to carry out the assignment/contract.

Documentation: the last annual accounts.

The contracting authority reserves the right to obtain a credit assessment itself.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Requirement: experience is required from equivalent assignments. equivalent assignments mean the delivery of software where the tenderer has converted major databases.

Documentation: a description of the tenderer's relevant assignments carried out during the last three years.. The overview must indicate who the contracting authority was, the name of a contact person, the assignment's scope and value, as well as the date and location of the assignments.
