Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Award of a contract without prior publication of a call for competition in the Official Journal of the European Union in the cases listed below

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The SESAR 3 Joint Undertaking (SESAR 3 JU) is bound by Article 143 (b) (iii) of the Single Basic Act to ensure the involvement of the professional staff associations (PSOs) when implementing the research and development aspects of the European ATM Master Plan. In addition, this obligation has been reflected in the Bi-Annual Work Programme 2022-2023 and the Multi-Annual Work programme 2022-2031.

The technical assessment concludes the professional staff organisations of ATCEUC, ECA, ETF, IFATCA and IFATSEA are recognised as the only possible organisations able to answer the SESAR Digital European Sky programme requirements of ATM professional staff organisations expertise.

It was therefore chosen to conduct a negotiated procedure with five indicated PSOs without prior publication in the Official Journal (Point 11 of Annex 1 of the Financial Regulation). While ATCEUC, ECA and ETF are participants in the EC Sectoral social dialogue in civil aviation, IFATCA and IFATSEA are associations globally recognised with a well-established global outreach.

The procurement is covered by the Government Procurement Agreement: no
