Framework Agreement for the Purchase of Cable Management Devices

Reference number: EØS 079-2017

II.1.2. Main CPV code

45314300 Installation of cable infrastructure

II.1.3.

Type of contract

Supplies

II.1.4. Short description

Enova has awarded Bergen og Omland Port Authority NOK 16.1 million to develop three new on-shore electricity systems for supply boats. There are already three land electricity facilities for offshore at Skolten. The aim is between six and nine ready developed facilities in 2018. BOH aims to enter into two framework agreements for the delivery and assembly of equipment for complete on-shore electricity facilities. Delivery will first be to the stated points at Dokken, Nykirkekaien and Festningskaien. Future land electricity points will depend on the contracting authority's budget situation and future grants from Enova. One framework agreement shall be signed per contract area, with up to two tenderers. See point 1.e. BOH has announced separate competitions on framework agreements for the purchase of on-shore facilities. This procurement concerns framework agreements for the purchase of cable management devices out toward ships. Tenderers shall also be responsible for installation of the devices. For further information about the content of the procurement, refer to the Requirement Specification and sub annex.

II.1.5. Estimated total value

Value excluding VAT: 4 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: yes

Tenders may be submitted for all lots

Maximum number of lots that may be awarded to one tenderer: 2

II.2. Description

II.2.1. Title

Framework Agreements for the Purchase of Cable Management Devices with Design and Functionality Suitable to the Festningskaien (the Fortress Wharf)

Lot No: 1

II.2.2. Additional CPV code(s)

09300000 Electricity, heating, solar and nuclear energy, 09310000 Electricity, 31300000 Insulated wire and cable, 31682000 Electricity supplies, 44320000 Cable and related products, 44321000 Cable

II.2.3. Place of performance

NUTS code: NO051 Hordaland

Main site or place of performance: Bergen, Norway.

II.2.4. Description of the procurement

Enova has awarded Bergen og Omland Port Authority NOK 16.1 million to develop three new on-shore electricity systems for supply boats. The Enova resources will first enable the development of new land electricity facilities at Dokken, Nykirkekaien and Festningskaien. There are already three land electricity facilities for offshore at Skolten. The aim is between six and nine ready developed facilities in 2018. BOH aims to enter into two framework agreements for the delivery and assembly of equipment for complete on-shore electricity facilities. Delivery will first be to the stated points at Dokken, Nykirkekaien and Festningskaien. Future land electricity points will depend on the contracting authority's budget situation and future grants from Enova. One framework agreement shall be signed per contract area, with up to two tenderers. See point 1.e. BOH has announced separate competitions on framework

agreements for the purchase of on-shore facilities. This procurement concerns framework agreements for the purchase of cable management devices out toward ships. Tenderers shall also be responsible for installation of the devices. For further information on the contents of the procurement, see Part III Annex 1 Requirement Specifications and enclosures.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 4 000 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 24

This contract is subject to renewal: yes

Description of renewals:

The contract will be valid for two years from the contract signing, with an option for the contracting authority to extend the contract for up to a further two years. The total maximum contract period is four years. The contracting authority can choose to take up the option for 2 years in several stages, e.g. for 1 year at a time. Any extension shall take place with a minimum of two months' written notice before the end of a contract period.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

Extension of service agreements, see annex 1.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

II.2. Description

II.2.1. Title

Framework Agreements for the Purchase of Cable Management Devices with Design and Functionality Suited to the Container Port
Lot No: 2

II.2.2. Additional CPV code(s)

09300000 Electricity, heating, solar and nuclear energy, 09310000 Electricity, 31300000 Insulated wire and cable, 31682000 Electricity supplies, 44320000 Cable and related products, 44321000 Cable

II.2.3. Place of performance

NUTS code: NO051 Hordaland

Main site or place of performance: Bergen, Norway.

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderers shall be registered in a company register, professional register or a trade register in the country where the tenderer is established.

Documentation:

- Norwegian companies: Company Registration Certificate,
- Foreign companies: Verification that the tenderer is registered in a company register, trade register or a commerce register in the country where the tenderer is established.

Declared. Documented upon request.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have sufficient economic and financial capacity to fulfil the contract.

Creditworthiness with no requirement for guarantees will be sufficient to meet the requirement.

Documentation requirement:

- A credit rating based on the most recent financial figures. The rating shall be carried out by a credit rating company with licence to conduct this service.

Declared. Documented upon request.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

The tenderer shall have good experience with the implementation of equivalent goods deliveries of equivalent complexity.

Documentation:

Description of up to three of the tenderer's most relevant assignments during the last five years with information about:

- 1) Name of contracting authority;
- 2) The project name;
- 3) The project's nature, size, cost and complexity;
- 4) Date;
- 5) The tenderer's delivery in the project.

The contractor may do this by including documentation on the skill or experience of the personnel that can be used for this project, including skills or experience that has been acquired while the personnel was in the service of another employer.

Declared. Documented upon request.

A description of the tenderer's quality assurance methods. If the tenderer is certified in accordance with ISO 9001 or equivalent standards, it is sufficient to present a copy of a valid certificate.

Declared. Documented upon request.
