II.1.4. Short description

DTU Biosustain is working with the gut microbiome, including its health and function. Therefore, it is of vital importance that DTU can study the health of mice gut during experiments e.g. studying the effect of various types of treatment. For studying of the mice, DTU wants to buy a 16-24 cage system of metabolic cages. The cages must be able to monitor calorimetry, activity, movement, bodyweight, food intake, endurance, activity and body temperature. This system must be kept in one cabinet in which temperature, light and humidity can be controlled. Also, a system which can collect urine and feces from individual mice which are to be frozen down directly upon collection must be included.

II.1.5. Estimated total value

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.2. Economic and financial standing

List and brief description of selection criteria:

To be sure the tenderer possesses the necessary level for economic and financial standing, it's a requirement that the tenderer has a minimum net turnover and a minimum of equity on average of the last 3 audited financial years.

Minimum level(s) of standards possibly required:

For the last 3 audited financial years, as a minimum the tenderer must on average have had a:

— net turnover of DKK 5 000 000;

— equity of DKK 1 000 000.

If the tenderer cannot comply with the required figures for financial standing, the tenderer can document their financial standing by sending an on-demand guarantee from a bank or similar with a value of DKK 1 000 000.

If the tenderer cannot comply with the requirement, the tenderer can rely on the capacities of other entities or establish a consortium.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

To be sure the tenderer possesses the necessary level of technical and professional ability, it's a requirement, that the tenderer as a minimum gives references for comparable agreements.

Minimum level(s) of standards possibly required:

As a minimum the tenderer must provide three references for comparable agreements.

Comparable agreements mean agreements with a value of at least DKK 1 000 000 concerning CLAMS (Comprehensive laboratory animal monitoring system) metabolic cages or a comparable services. The agreement, to which the reference refers, must not be more than 3 years old. The date is calculated from the last signature on the agreement referred to.

If the tenderer cannot comply with the requirement, the tenderer can rely on the capacities of other entities or make a consortium.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

The agreement is part of the tender documents. But please be aware that if it's not possible to make a delivery before 31 December 2020, DTU is able to annul this procedure and terminate the agreement without any costs for DTU.
