Organisation providing more information on the review procedures: European Commission, DG HR - Human Resources and Security

5.1. Lot: LOT-0002

Title: Follow-up assistance (doctor-on-call) and training based on medical action cards
Description: The Security Directorate (DS) is responsible for security of European Commission staff, premises and information. It carries out a variety of protective tasks, which include safeguarding the institution's staff, premises and information against hostile intelligence services. Unit DS.1 is responsible for operational security services, which include close protection of the European Commissioners while in the premises of the Commission but also during their missions in and outside the Commission. The objective of this call for tender is to provide our Close Protection Officers (CPOs) with necessary medical training and assistance, in the event of the need for first aid application in emergency situations. A significant number of CPOs' missions are executed in very isolated and demanding areas (i.e. within the context of Development or Humanitarian Aid & Crisis Management), where there are no direct medical services. It is of the utmost importance to have the adequate medical skills, training and certifications to carry out duties in demanding areas and, if necessary, to keep a patient alive and stable until him/her can be handed over to higher level medical responders.
