Main address: <https://permalink.mercell.com/169495319.aspx>

Address of the buyer profile: <http://www.kystverket.no/>

**I.4. Type of the contracting authority**

Other type: The Norwegian Coastal Administration, national department under the Ministry of Trade, Industry and Fisheries

**I.5. Main activity**

General public services

---

**Section II: Object**

**II.1. Scope of the procurement**

**II.1.1. Title**

Procurement of a framework agreement for application development and management of SafeSeaNet Norway (SSNN), inspection system, and other systems.

Reference number: 2022/1907

**II.1.2. Main CPV code**

72212000 Programming services of application software

**II.1.3. Type of contract**

Services

**II.1.4. Short description**

The Norwegian Coastal Administration is a national department for coast management, sea safety, and stand-by for acute pollution. For more information see

<https://www.kystverket.no>.

The Norwegian Coastal Administration comes under the Ministry of Trade, Industry and Fisheries.

The Norwegian Coastal Administration would like continual digitalisation of its processes and services within several areas.

Sub-contract 1, procurement of a framework agreement for the development and management of the Safe Sea Net Norway (SSNN) system.

Lot No: 1

#### **II.2.2. Additional CPV code(s)**

72200000 Software programming and consultancy services, 72600000 Computer support and consultancy services

#### **II.2.3. Place of performance**

NUTS code: NO Norge

#### **II.2.4. Description of the procurement**

SSNN is a national message system for shipping, based on the Single Window concept. The assignment that will be awarded to a tenderer in this contest is, in principle, split into two parts. One part is for the management of the existing system, and one part is for the development of SSNN with modern technology, architecture, and digital security for implementation in 2025.

- PART I management of the existing operational system.

The framework agreement will cover the Norwegian Coastal Administration's need for the management and further development of SafeSeaNet Norway (SSNN). The total deliveries under the framework agreement will ensure that the system is updated with functionality and user friendliness in accordance with the current laws and regulations.

The system is vital for some actors, and has high requirements for running time and availability 24/7/365. The current SSNN system is expected to reach its End-of-Life when SSNN2025 is operationalised.

- PART II development and implementation of SSNN2025

- SSNN will go through major technical and operational changes up until August 2025 and the introduction of the EU scheme 2019/1239. This will give major challenges in the future; on one side the current system that we know today must be managed and maintained, at the same time that the Norwegian Coastal Administration develops new and modern systems that will apply for SSNN in 2025 and future years.

For further details on SSNN and the need for changes, and the Norwegian Coastal Administration's ambitions for SSNN 2025, see Annex 12 - Part 1 - The Contracting Authority's Description of the Current System and Future Needs (SSNN).

#### **II.2.5. Award criteria**

Quality criterion - Name: Quality criteria / Weighting: 70

Price - Weighting: 70/30

#### **II.2.11. Information about options**

Options: yes

Description of options:

Options for 1 + 1 year.

#### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

#### **II.2.14. Additional information**

### **Section IV: Procedure**

---

#### **IV.1. Description**

##### **IV.1.1. Type of procedure**

Open procedure

##### **IV.1.3. Information about a framework agreement or a dynamic purchasing system**

The procurement involves the establishment of a framework agreement

##### **IV.1.8. Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: no

## **IV.2. Administrative information**

### **IV.2.1. Previous publication concerning this procedure**

Notice number in the OJ S: [2022/S 075-206202](#)

### **IV.2.8. Information about termination of dynamic purchasing system**

### **IV.2.9. Information about termination of call for competition in the form of a prior information notice**

## **Section V: Award of contract**

---

**Lot No: 2**

**Title:**

Sub-contract 2, procurement of a framework agreement for the development and management of an inspection system and other systems.

A contract/lot is awarded: yes

## **V.2. Award of contract**

### **V.2.1. Date of conclusion of the contract**

07/07/2022

### **V.2.2. Information about tenders**

Number of tenders received: 3

Number of tenders received from SMEs: 0

Number of tenders received from tenderers from other EU Member States: 3

Number of tenders received from tenderers from non-EU Member States: 0

Number of tenders received by electronic means: 3

The contract has been awarded to a group of economic operators: no

### **V.2.3. Name and address of the contractor**

Official name: Bouvet Norge AS (hovedenhet)

Postal address: Sørkedalsveien 8

Town: OSLO

NUTS code: NO081 Oslo

Postal code: 0369

Country: Norway

Telephone: +47 23406000

Fax: +47 23406001

Internet address: <http://www.bouvet.no/>

The contractor is an SME: no

### **V.2.4. Information on value of the contract/lot**

Initial estimated total value of the contract/lot: 40 000 000,00 NOK

Total value of the contract/lot: 40 000 000,00 NOK

### **V.2.5. Information about subcontracting**

## **Section V: Award of contract**

---

**Lot No: 2**

**Title:**

Sub-contract 2, procurement of a framework agreement for the development and management of an inspection system and other systems.

A contract/lot is awarded: yes

**V.2. Award of contract**
