09132000 Petrol, 09132300 Petrol with ethanol, 09134200 Diesel fuel, 09134230 Biodiesel, 09135100 Heating oil

#### **II.2.3. Place of performance**

NUTS code: NO060 Trøndelag

#### **II.2.4. Description of the procurement**

The contract is for the procurement and delivery of bulk deliveries of the following products:

- HVO 100 Biodiesel (advanced liquid bio-fuel)
- Bio-oil
- Diesel
- Construction diesel
- Petrol

Option for other types of fossil-free fuel (bulk) for all of parts of the volume of the listed products, cf. criterium 4.

The procurement of equivalent products from petrol stations or similar is not included in the contract.

The stated volume in annex 3 is based on the consumption in the period July 2020 - June 2021, including the expected adjustments of HVO 100 Biodiesel (increase) and diesel (reduction). The annual volume for all the products is subject to change, as the operational premises can change, both as regards seasonal variations and a controlled transition to different low and zero emission technologies. This also includes national and internal requirements, for example that HVO is taken off the fuel pyramid (the list of potential fuel that can be used in Trondheim Municipality).

#### **II.2.5. Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.6. Estimated value**

Value excluding VAT: 26 000 000,00 NOK

---

### **III.1. Conditions for participation**

#### **III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Requirement: Tenderers must be a legally established company. Documented by a company registration certificate or equivalent.

#### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

Requirement: Tenderers must have the economic and financial capacity to carry out the assignment. Tenderers must be creditworthy, Score A. The creditworthiness against a guarantee is not accepted. For recently established tenderers a certificate showing score A/N is sufficient. Documentation requirement: Credit assessment of the tenderer, not older than six months from the deadline for receipt of tenders. The evaluation will be based on the last known fiscal figures with an indication of how the credit rating has developed during the last three years. The evaluation shall be issued by a company with a credit information licence from the Norwegian Data Protection Authority. See [www.datatilsynet.no](http://www.datatilsynet.no). The result of the credit appraisal shall be stated as a categorised score (letter or number) against a defined scale. Recently established tenderers must substantiate the financial capacity for the implementation of the assignment, or other documentation, e.g. accounting figures and a bank guarantee.

#### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

Requirement: Tenderers must have experience from similar assignments. For newly founded tenderers, it is sufficient that the proposed key personnel have experience from equivalent assignments. Documentation requirement: An overview of the most important deliveries of goods or services that the tenderer has carried out in the last three years, together with information on the contract's value, delivery date or execution and the name of the recipient. Requirement: Tenderers must have a system for monitoring and tracking in the delivery chain. Documentation requirement: Description of the tenderer's system for monitoring and tracking in the delivery chain.

Requirement: Tenderers must use environmental management measures whilst implementing the contract. Documentation: Description of environmental management measures. A self-declaration on the environmental system attached to the tender documentation can be used as documentation.
