II.2.4. Description of the procurement

Thin wool is used by men and women in all branches of the Norwegian Armed Forces. The articles are primarily used in the field as outer and under clothing in the Norwegian climate, depending on the article. The clothing is used in summer and winter in temperatures from approx. +10 C to -40 C. The articles are used in combination with the Norwegian Armed Forces' netting underwear, wool terry 200 gram and 400 gram, both as a layer on layer concept and individually for different climate conditions. Different types of outerwear and garments with stronger insulation will be used as needed.

Examples of articles:

Hood, knitted, wool, green/white, balaclava.

Hat under helet, wool, 130g, green, one size.

Head over, wool, 130g, green, one size.

Bra, field, wool, black.

Underwear, boxers, wool, black.

Vest, short-sleeve, wool, 130, black.

Vest, men, long-sleeve, wool, 130, black.

Vest, women, long-sleeve, wool, 130, black.

Underwear, long, wool, 130g, black.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 36

This contract is subject to renewal: yes

Description of renewals:

The Contracting Authority shall have an option to extend the framework agreement with 1 year, 1 or more times. The maximum duration of the agreement including options will be 4 years.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Requirement:

Tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established.

Documentation requirement:

Norwegian tenderers:

- Company Registration Certificate.

Foreign tenderers:

- Confirmation that the tenderer is registered in a company register, professional register or a trade register in the state where the tenderer is established.

Also, see the tender documentation.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Requirement:

Tenderers must have the required economic and financial capacity to fulfil the contract.

A credit rating of 'credit-worthy' or equivalent will be sufficient to fulfil the requirement.

Documentation requirement:

A credit assessment from a certified credit appraisal agency based on the most recent known accounting figures. The rating must not be older than 3 months.

Also, see the tender documentation.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Requirement:

The tenderer shall have good experience from equivalent assignments.

DOCUMENTATION REQUIREMENT:

The tenderer must as a minimum give an overview of three deliveries/contracts that have been carried out during the last 3 years. In order to ensure sufficient competition, documentation of deliveries that the tenderer carried out more than 3 years ago can also be taken into consideration.

For each lot that the tenderer submits an offer on, they must document fulfilment of the requirement by completing Annex 7 - Reference Form.

Also, see the tender documentation.

Requirement:

The tenderer shall have sufficient capacity to complete the delivery.

In this context, with 'sufficient', it is necessary to look at estimated withdrawals per lot for which a framework agreement is to be entered into (see Appendix C1 Price Matrix).

Documentation requirement:

Description of the technical personnel and technical units the tenderer has at their disposal for the execution of the delivery, including a description of the production capacity (estimated number of garments produced per week).

Requirement:

The tenderer shall have a good and well functioning quality assurance system.

Documentation requirement:

A description of the tenderer's quality assurance methods. The description shall include all parts of the delivery process, from material purchase to good delivery. The description shall be a maximum of two A4 pages.

If the tenderer is certified in accordance with ISO 9001 or equivalent standards, it is sufficient to present a copy of a valid certificate.

Requirement:

The tenderer shall have a good environmental management system.

Documentation requirement:

A description of environmental measures that have been implemented in the business. The description shall include all parts of the delivery process, from material purchase to good delivery. The description shall be a maximum of two A4 pages.

If the tenderer is certified in accordance with ISO 14001 or equivalent standards, it is sufficient to present a copy of a valid certificate.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

See the tender documentation.

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Restricted procedure

IV.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement
Framework agreement with a single operator

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes
