**II.1.4. Short description**

TenneT intends to conclude a comprehensive project insurance (CAR) including installation, construction work, transport and liability (section II) for the construction and commissioning of its offshore grid connection system (GCS) "BorWin6" in the German North Sea. The GCS includes a land station, land cable (DC), submarine cable (DC) and an offshore substation. Other cable systems (AC) are possible. The insurance concept consists of a project insurance, which is divided into two different lots (leading lot and to follow lot) and after project completion for an additional period of 24 months for extended maintenance. Detailed information on each lot can be found in the specific sections of the EU-announcement on TED and in the procedural guide for this tender. The execution of this tender is dependent on the underlying realization of the GCS BorWin6. A non disclosure agreement (NDA) will be necessary due to confidential information.

The implementation of the tender will depend on the underlying design of the offshore power system BorWin6.

Please carefully read the "procedural guide" made available on Negometrix and follow the given instructions.

The application for participation must be submitted electronically via the Negometrix e-Tendering Platform, including all required information and supporting documents.

Pre-submission of the application documents by E-Mail/post/fax is not permitted and will lead to exclusion from the tender process.

The requests to participate must be submitted IN DUE TIME and COMPLETE by the deadline (see section IV.2.2). Late submissions cannot be considered.

Incomplete sets of documents may lead to exclusion.

All documents referred to in point III.1) "Conditions of participation" in this call for tender have to be submitted. All attachments have to be submitted exclusively via Negometrix only. Please use the templates made available on Negometrix/Mercell.

In the case of a consortium, all parties of the consortium have to hand in the same documents mentioned in section III.1) "Conditions for participation".

The client is entitled to transfer the rights and obligations of the subject matter of the contract to a special purpose vehicle (SPV), irrespective of whether third parties have already participated as shareholders in this project company, or only after any transfer of this master agreement to such a project company.

§ 57 SektVO entitles the client to discontinue the award procedure at any time. The awarding of the contract is subject to the reservation of changes being made to the legal and/or regulatory frame conditions, laws, rules and regulations existing at the date of publishing this tender.

If the candidate is an underwriting agency, the underwriting agency needs to meet all the requirements and suitability requirements. In case the candidate is an underwriting agency, the underlying insurers and their share of the participation need to be stated as part of the application of this tender.

An underwriting agency needs to operate independently of a broker. If the underwriting agency will be awarded the contract(s), the underlying agreement with the insurer needs to be provided to TenneT. This agreement shall be registered with the relevant authorities at the start of the participation of this tender. Next to the above, the underwriting agent needs to issue a declaration signed by the underlying insurer(s) that the underlying insurer(s) are provided with the financial means and power of attorney to execute this contract.

On the basis of legitimate confidentiality interests, the client will make the tender documents available to interested parties only after receipt of the confidentiality agreement (NDA) signed by the interested party. <https://platform.negometrix.com/Content/Tender/TenderProperties.aspx?tenderId=206378>
