Description: Open tender contest in accordance with the Law on Public Procurements and the Public Procurement Regulations, parts I and part II. The objective of the procurement is to enter into a procurement contract for the purchase of 1 complete dye laser (PDL) for the Skin Department at Helse Stavanger HF including safety equipment, hand piece(s) necessary for intended use and any scanner(s) necessary for intended use. The options can be price adjusted in accordance with the procurement contract point 4.2. The laser shall be used for the treatment of port wine stains (port-wine stains) and other vascular malformations on the face, throat and head of children and adults. The maximum price of the investment is NOK 1,700,000 excluding VAT. The investment is the amount that will be paid for the main product (complete dye lasers including safety equipment, hand piece(s) necessary for the intended use and any scanners necessary for intended use).
