Water

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Detailed engineering reconstruction/upgrade Elstrøm sewage treatment plant

Reference number: Skien kommune

II.1.2. Main CPV code

71320000 Engineering design services

II.1.3. Type of contract

Services

II.1.4. Short description

Skien municipality will engage engineering designers for detailed engineering of the reconstruction/upgrade of Elstrøm treatment plant, assistance with contracting a contractor and possibly some assistance with follow-up of the construction phase of the project (not the role of construction manager).

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

71300000 Engineering services, 71311000 Civil engineering consultancy services, 71322000 Engineering design services for the construction of civil engineering works

II.2.3. Place of performance

NUTS code: NO091 Vestfold og Telemark

Main site or place of performance: Skien

II.2.4. Description of the procurement

Skien municipality will engage engineering designers for detailed engineering of the reconstruction/upgrade of Elstrøm treatment plant, assistance with contracting a contractor and possibly some assistance with follow-up of the construction phase of the project (not the role of construction manager).

After a contract for the assignment has been entered into based on NS 8402, the consultant and Skien municipality must agree on a fee budget for future project phases based on the knowledge the parties have. The fee budget forms the basis for the parties' management of resource use during the project, how the need for changes that may arise along the way is handled, and the like.

Some milestone deadlines are specified in connection with the completion of the assignment:

-November/December 2022: Engineering begins

- March 2023: Clarification of the procurement strategy for the form of contract and division of the contact

(the municipality will consider engaging another consultant to assist in this work), and phasing/progress execution.

- Autumn 2023: Completion of engineering and updating of the cost estimate, cf. Point 3.1, second section.

- End of 2023/beginning of 2024: Final clarification of the level of ambition for execution, where the decision

is coordinated with an impact assessment for a future regional sewage treatment solution for Grenland.

- March 2024: Completion of the tender documentation for the call for tenders for construction of the plant.

- Autumn 2024: Plant construction begins

For further information about the contents of the procurement, please see section II annex 1.

II.2.5. Award criteria

Criteria below

Quality criterion - Name: Competence and experience of offered personnel. / Weighting: 50

Quality criterion - Name: Understanding of the assignment/Proposed solutions / Weighting: 10

Quality criterion - Name: Environment / Weighting: 10

Price - Weighting: 30

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 14/11/2022 End: 11/03/2024

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have an economic and financial standing that makes it able to fulfil its contractual obligations throughout the entire contractual period. Creditworthiness with no requirement for guarantees will be sufficient to meet the requirement.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

REQUIREMENT 1: Requirement of experience from similar assignments

Tenderers must have good experience with the execution of equivalent deliveries.

Requirement 2. Requirements of quality system.

Tenderers must have a satisfactory quality system that covers the activities included in the contract.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

The contract will be entered into in accordance with NS 8402 – General contract provisions for consultancy assignments remunerated after elapsed time with the changes and clarifications that appear in part II of the tender documentation.

The contract includes Skien municipality's provisions for fight against work-related crime, also called seriousness provisions. For this procurement, the annex applies as far as is appropriate. The tenderer is encouraged to examine annex 4 thoroughly.

The contract will contain requirements related to wages and working conditions, documentation and sanctions in accordance with the regulations dated 8 February 2008 no. 112 regarding wages and working conditions in public contracts, see Annex 4 - Skien Model. The contract will contain provisions regarding plastic-free municipalities, cf. Section II, Annex 5 Plastic-free municipality.
