National grounds for rejection, cf. the ESPD form Part III, section D.

The ESPD form refers to any national national rejection regulations. In Norway we have 2 such regulations:

1) § 24 2nd paragraph states that a Contracting Authority can reject a tenderer when they are aware that the tenderer has been legally convicted or has accepted a simplified writ for the stated punishable conditions;

2) § 24-2 third paragraphs letter "i", states that the tenderer has committed serious errors that raise doubts about his professional integrity. The reason for the rejection in the ESPD form only applies to serious errors in exercising a profession, whilst the Norwegian basis for rejection also includes other serious errors that can lead to doubt about the tenderer's professional integrity.

By crossing "no" for this on the ESPD form, you confirm that there are no grounds for you, as the tenderer, to be rejected based on these provisions.
