2.1. Procedure

Title: Laundry and transport of clinic clothing for dental health.

Description: Open tender contest for a framework agreement for washing and transport of work wear to employees in the dental health service. There are a total of approx. 303 positions divided in 43 dental clinics in all of Nordland county. The contracting authority's estimate of the extent is calculated from the number of employees, 2 sets per employee per day and that each employee works 48 weeks per annum. The total county for all clinics is estimated to be NOK 8,000,000,-. And maximum 11,000,000,-. Tenderers are free to submit tenders for one, several or all the clinics included in the competition. There is no minimum or maximum limit for the number of clinics that tenders can be submitted for. The evaluation and award will be carried out separately for each individual clinic. The contracting authority reserves the right to award contracts for one, several or all clinics to the same or different tenderers.

Procedure identifier: 15866c6a-3df2-42bb-a372-91c8d96ff91c

Internal identifier: 2026/48680

Type of procedure: Open

The procedure is accelerated: no

Main features of the procedure: The tenders cannot be subject to a minimum number of clinics that must be awarded in order for the tender to be binding or valid. Tenders that are conditional on the award of a specific number of clinics, a specific total turnover or a specific minimum volume, will be seen as a condition and can lead to the tender being rejected. A tenderer who submits tenders for several clinics must therefore reckon on being awarded a contract for fewer clinics than a tender has been submitted for, including only one clinic. During summer holidays there may be periods when there will be some longer response time for questions than normal.
