Additional information can be obtained from the abovementioned address

Tenders or requests to participate must be submitted electronically via: http://eu.eu-supply.com/app/rfq/rwlenrance_s.asp?PID=311827&B=KGVLIGHT

Tenders or requests to participate must be submitted to the abovementioned address

I.4. Type of the contracting authority

Regional or local agency/office

I.5. Main activity

General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Framework agreement for the supply of electricity

Reference number: 28/2021

II.1.2. Main CPV code

09310000 Electricity

II.1.3. Type of contract

Supplies

II.1.4. Short description

Konsernet TRV Grupper AS and Tempevegen 25 AS would like to enter into a framework agreement with an energy provider for the delivery of electricity. The framework agreement will have a duration of four years. The contract will cover the Contracting Authority's total need for electricity, at spot price (Nord Pool spot), with a fixed mark-up per KWh through the contract's lifetime, for a total of 21 installations.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

09300000 Electricity, heating, solar and nuclear energy, 65300000 Electricity distribution and related services, 65310000 Electricity distribution

II.2.3. Place of performance

NUTS code: NO060 Trøndelag

Main site or place of performance: County: Trøndelag, Municipality: Trondheim

II.2.4. Description of the procurement

The group currently has 19 active installations/meter numbers, which are all read every hour. The estimated total consumption is 4 GWh a year. The maximum volume for the contract period is set to a total of 20 GWh.

Tempevegen 25 AS has 2 active installations, which are both read every hour. The estimated total consumption is 0.5 GWh a year. The maximum volume for the contract period is set to a total of 3 GWh.

A project will be started during the contract period for solar panels and self-supplied electricity at Trondheim Renholdsverk AS, but the size and scope of this has not yet been mapped. In addition, TRV Grupper AS is looking at possibilities for further solar panel installations. This is

only in the mapping phase and the scope is thus unknown. We would like the tenderer to procure excess electricity from future solar panel installations if this occurs.

II.2.5. Award criteria

Criteria below

Price

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 48

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established.

Documentation requirement:

- Norwegian companies: Company registration certificate
- Foreign companies: Documentation that the tenderer is registered in a company register, professional register or a trade register in the state where the tenderer is established.

The certificate must not be older than 12 months from the tender deadline.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have the financial capacity to carry out the assignment/comply with the contractual obligations. Tenderers are required to be credit worthy and have satisfactory liquidity and solidity.

Documentation requirement:

A credit rating based on the most recent accounting figures. The credit rating must not be older than 3 months. The rating must be carried out by a credit rating company with licence to carry out this service.

Minimum level(s) of standards possibly required:

Minimum of A or equivalent.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Qualification Requirement:

Tenderers must have experience from comparable assignments.

Documentation requirement:

A description of the three most relevant, equivalent assignments in the last three years.

The description must include a statement of the assignment's value/scope, date and recipient (name, telephone number and e-mail address). The contracting authority must be given the authority to contact the person in question. The references will only be contacted if required.

Qualification Requirement:

Tenderers must have a quality assurance system.

Documentation requirement:

- Documentation of the quality assurance system. An account of the tenderer's existing routines and documentation that the requirement for a quality assurance system/management system applicable for the assignment is covered. If this is described in the tenderer's quality assurance system, in accordance with ISO 9001 or equivalent, documentation of this can be enclosed.

Qualification Requirement:

Tenderers must have an environmental management system.

Documentation requirement:

- Documentation of an environmental management system. Copies of any certificates, such as ISO 14001, EMAS, Miljøfyrtårn or equivalent, are to be enclosed. If a tenderer does not have an environment management system, the tenderer must be willing to implement one within 6 months of the contract being signed. This must be documented in writing.

Qualification Requirement:

Tenderers must have a concession for energy turnover.

Documentation requirement:

Checked in NVE's register of concessions.

Qualification Requirement:

Tenderers must have a binding cooperation relationship with any sub-contractors.

Documentation requirement:

- Signed commitment statement (Annex 8).

If a tenderer must rely on another company's competence or capacity to fulfil a qualification requirement, a separate ESPD form must be enclosed for this sub-supplier. A signed statement of commitment from the relevant subcontractor must be submitted.

- Completed ESPD - section II D.

The public procurement regulations state that if a tenderer uses the capacity of other companies, he must document that he can use the necessary resources, for example, by attaching a commitment statement (annex 8), cf. the PPR section 16-10 (2). This provision applies in addition to the provision on the ESPD.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

See annex 9 and 9.1 Contract.

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Open procedure
