#### **II.1.4. Short description**

The project is for the design, supply, installation and qualification of new equipment washers within the existing facility of Porton Biopharma Ltd at Porton Down. The equipment washers are needed to replace existing washers that have reached the end of their useful life. A total of 5 equipment washers will be installed in production areas across the Porton Biopharma Ltd site. There will also be two equipment washers installed in the pharmaceutical stores area, which is a non-GMP area. Porton Biopharma is located within the Public Health England Site at Porton Down. The site is within a security fence with strict control regarding access and egress.

Please note that we will be sending out a User Requirement Brief for tendering purposes and all tenderers should use this to compile their tender return. Individual URS will be issued for each required washer on order placement.
