## **Section III: Legal, economic, financial and technical information**

---

### **III.1. Conditions for participation**

#### **III.1.1.**

### **Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Requirement: tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established.

Documentation: Norwegian tenderers: Company Registration Certificate. Foreign tenderers: verification showing that the company is registered in a company register, professional register or a trade register in the country where the tenderer is established.

#### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

Requirement: Norwegian tenderers must have their tax, employer contribution and VAT payments in order.

Documentation requirement: Tax and VAT certificate. The certificate must not be older than 6 months from the tender deadline. The certificate can be obtained electronically from Altinn. Go to skatteetaten.no for further information.

Requirement: tenderers must have sufficient economic and financial capacity to fulfil the contract. Payment experience (ability to meet payments) must be satisfactory.

Documentation requirement: solidity assessment from an acknowledged credit rating agency. The rating must be based on the most recent known accounting figures. The key figures in the requirement must be given, together with an evaluation of the tenderer's solvency.

#### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

Requirement: the tenderer must have experience from comparable assignments.

Documentation: a description of up to 3 of the tenderer's most relevant contracts in the last 5 years, containing information on:

- the name of the contracting authority and contact point,
- project name,
- a description of the contract's nature, scope, value and complexity in relation to execution, logistics and progress,
- contract value and scope,
- the tenderers role in the project,
- contract form,
- date of contract,
- a brief description of the contract.

The tenderer can verify experience by referring to the experience of the employees that are at the tenderer's disposal for the project, even if the experience was acquired while the employee was working for a different contractor. The contracting authority reserves the right to make contact for verification of the submitted information.

Requirement: the tenderer must have sufficient capacity and implementation ability.

Documentation requirement: an overview of the tenderer's total manpower, as well as an overview of the number of man-labour years in the company, with experience in special /important disciplines needed for the execution of this contract. How the tenderer shall ensure adequate capacity for this contract must be explained. A staff plan for the assignment which shows the number of own employees, number of hired staff, sub-contractors, etc. must also be presented.

Requirement: the tenderer shall have satisfactory quality assurance routines.

Documentation: a description of the tenderer's methods for quality assurance. If the tenderer is certified in accordance with ISO 9001 or equivalent standards, it is sufficient to present a copy of a valid certificate.

Requirement: tenderers must have an implemented environmental management system.

Requirement: tenderers must be certified in accordance with ISO 14001 (2015), EMAS (EU Eco-Management and Audit Scheme for environmental management) or the eco-lighthouse certification scheme. If the tenderer is not certified, documentation must be presented showing the environmental management system the tenderer has implemented.
