I.5. Main activity

General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Procurement of a contract for the development and delivery of a central processing system for vehicle and registration plate recognition

Reference number: 17/46379

II.1.2. Main CPV code

72212517 IT software development services

II.1.3. Type of contract

Services

II.1.4. Short description

The Customs Department c/o the Customs Directorate (Customs) invites tenderers to a negotiated procedure for the procurement of a central processing system with the accompanying interface for a new vehicle and registration plate recognition. The procurement also includes a contract for the maintenance and further development of the system, as well as assistance with planning and rolling out camera and sensor technology. An option for a contract for the operation of the system is also included as part of the procurement, however, tenderers can choose whether or not to submit a tender for this. Customs is making the procurement on behalf of Customs, the Norwegian Public Roads Administration (NPRA) and the Police Department (the Police). The Police shall have an option to establish a separate central processing system.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

34970000 Traffic-monitoring equipment, 48000000 Software package and information systems , 48328000 Image-processing software package, 72212313 Optical-character-recognition (OCR) software development services, 72224000 Project management consultancy services, 72266000 Software consultancy services, 72267100 Maintenance of information technology

software, 72510000 Computer-related management services, 72514100 Facilities management services involving computer operation, 72600000 Computer support and consultancy services, 73220000 Development consultancy services, 92222000 Closed circuit television services

II.2.3. Place of performance

NUTS code: NO Norge

Main site or place of performance: Oslo.

II.2.4. Description of the procurement

The Customs Department c/o the Customs Directorate (Customs) invites tenderers to a negotiated procedure for the procurement of a central processing system with the accompanying interface for a new vehicle and registration plate recognition. The procurement also includes a contract for the maintenance and further development of the system, as well as assistance with planning and rolling out camera and sensor technology. An option for a contract for the operation of the system is also included as part of the procurement, however, tenderers can choose whether or not to submit a tender for this. Customs is making the procurement on behalf of Customs, the Norwegian Public Roads Administration (NPRA) and the Police Department (the Police). The Police shall have an option to establish a separate central processing system. Whether a central processing system shall be developed and established for each of the two other departments, or whether a joint central processing system shall be developed and established for Customs and NPRA, will be assessed and a decision will be made based on the tenderers' offered systems and proposals for the set-up of them.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 15/06/2018

This contract is subject to renewal: no

II.2.9. Information about the limits on the number of candidates to be invited

Envisaged minimum number: 3Maximum number: 6Objective criteria for choosing the limited number of candidates:

See the information in the tender documentation, point 8.3 for the selection criteria.

II.2.10. Information about variants

Variants will be accepted: no
