### **Section III: Legal, economic, financial and technical information**

---

#### **III.1. Conditions for participation**

##### **III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Mandatory submission of tax certificate.

The supplier must be registered in an enterprise register, professional register or trade register in the state the supplier is established.

The supplier must have employees, regardless of whether they are employed by a supplier or subcontractor, who have the same pay terms as usual for this kind of work in Norway. Ref. ILO Convention N° 94 on labor clauses in public employment contracts.

##### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

The supplier must have a satisfactory economy to complete the contract.

Minimum level(s) of standards possibly required:

Credit rating.

##### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

The supplier must have the necessary skills and experience to perform the contract in a satisfactory manner.

The supplier must have spare capacity for unforeseen events such as illness.

Communication will be in Norwegian.

The supplier shall have access to adequate material for transport, storage and spreading of Eco1 on land.

The supplier shall have sufficient area for intermediate storage of bioresidual.

The supplier must have the necessary permits and approval from the public authorities for intermediate storage of fertilizer products.

Eco 1 must be treated, transported and stored separately and kept restricted from other fertilizers or products.

Minimum level(s) of standards possibly required:

- An overview of the most important services that the supplier has performed over the last 3 years, together with the contract value, time of delivery and name of the recipient.
- A description of personnel who will complete the contract, including information about education and professional qualifications.
- A description of the technical units / materials available to the supplier to carry out the contract, ie both transport, loading / unloading and distribution.
- Description of spare capacity and how the provider will handle unforeseen events such as illness or accidental vehicle.
- A description of facilities for intermediate storage of Eco 1. The description should mention location, distance to neighbors and capacity.
- Permissions and approval from public authorities for intermediate storage of minimum 12 000 tonnes of fertilizer.
- Description of how the provider will arrange for separate transport, processing and storage of Eco 1, so that Eco 1 is not mixed with other fertilizers or products that may impair its quality.

### **III.2. Conditions related to the contract**

#### **III.2.2. Contract performance conditions**

See tender documents.

#### **III.2.3. Information about staff responsible for the performance of the contract**

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract
